# CEO'S LETTER

Hello,

Firstly, I want to express my gratitude for your longstanding partnership with us. Welcome to Analytical Standard Solutions - A2S.

Founded in 2011, Analytical Standard Solutions has emerged as an undisputed leader in the production of chemical reference standards through its three flagship brands: A2S, N'Tox, and Pharm'A2S. Specializing in the design and manufacturing of analytical standards, A2S has built a strong reputation among our end-users, including pharmaceutical, agri-food, and environmental companies and laboratories.

With a dedicated team of around twenty highly qualified professionals, we distinguish ourselves through an unwavering commitment to quality, excellence, and innovation at the core of our approach. We continuously invest to stay at the forefront of technological advancements and industry standards. Our personalized approach is reflected in the custom-made production of our products, catering to the specific needs of each end-user. We strive to provide you with reliable and compliant chemical reference standards, contributing to the assurance of quality and the reliability of your analytical results.

Our distributors, as privileged partners, play a crucial role in the global distribution of our products.

A2S remains the preferred solution for demanding enterprises in the field of chemical reference standards. We take pride in our journey and look forward to continuing our commitment in collaboration with you.

Best regards,
