

SOLI

USER MANUAL

How to pair

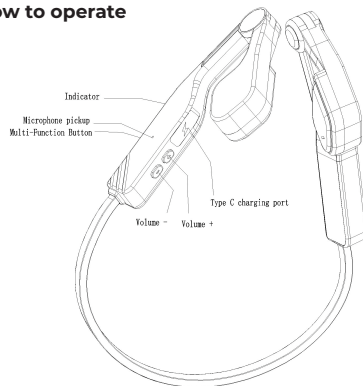

1. Press the multifunction button for 2 seconds until the indicator light flashes blue/red and the smart voice prompts "pairing".
2. Go into your device's Bluetooth settings and select "Soli" to pair the headset.

How to wear

Adjust the angle of the speaker to face your ear canal until you receive the desired sound clarity and fit.

How to operate

Power on/off: Press and hold the multifunction button for 4 seconds.

Answer a call: Press the multifunction button once.

Hang up a call: Press the multifunction button once.

Reject a call: Press and hold the multifunction button for 5 seconds.

Redial last number: Double-tap the multifunction button to redial the last number.

Play/pause music: When music is playing, press the multifunction once to pause, then once more to resume play.

Skip song: When music is playing, press the "+" button to skip to the next song.

Previous song: When music is playing, press the "-" button to go back to the previous song.

Mute: During a call, press and hold the "+" button for 2 seconds to mute the microphone. Voice will prompt "mute on". Press and hold the "+" to turn mute off.

Adjust the volume: To increase the volume, press the "+" button. To decrease the volume, press the "-" button.

Activate voice assistant: Press and hold the multifunction button and "+" button for 1 second to activate voice assistant.

How to charge

When the battery is low, the voice will prompt "battery low". Use the included charging cable to connect the headset to a power source. Turn off the headset before charging. Once fully charged, the light indicator will turn blue.

Pair to two devices

1. Press and hold the multifunction button until you hear "pairing". Go into the first device's Bluetooth settings and select "Soli".
2. Enter pairing mode again and go into your second device's Bluetooth settings. Select "Soli".
3. Turn off the headset by holding the multifunction button for 4 seconds.
4. Turn the headset back on by holding the multifunction button for 2 seconds. The headset will now automatically pair to both devices.
