Microdermabrasion £38

A microdermabrasion facial will exfoliate and remove dead skin cells to reveal a clean, bright complexion. It will unblock pores and help to remove blemishes, blackheads and dry skin and tackle fine lines & wrinkles. You'll definitely feel the difference after one.

Dermaplaning £39

The dermaplaning facial is carried out using a sterile surgical blade. This is carefully applied to the skin and gently removes the top layer of dead skin and vellus hairs (sometimes referred to as 'peach fuzz'). This creates a smooth, photo finish effect on your skin, as well as allowing your skincare products to work more effectively and your make-up to glide on smoothly for an impeccable finish by removing surface build-up, the skin is perfectly primed to maximise the results from our other facial treatments such as Skin peels and Microneedling

Microneedling £80

The Dermapen is the most exciting recent innovation in skin rejuvenation. It is a micro-needling device with a unique tip that provides exceptional results, and can treat a number of different skin conditions. Micro-needling is for skin tightening, lifting and rejuvenation. Treatments stimulate natural collagen and elastin production in the skin, helping to reduce fine lines and wrinkles, improve stretch marks, minimize acne pore size, improve surgical and acne scarring.

Dual Facial £99

Dermaplaning and Microneedling are Effective Stand alone treatments, but combined they can produce optimal results.

Radio Frequency £65

A quick, comfortable treatment, with zero downtime, and no scars. This non-surgical skin tightening treatment has become a popular way for patients to enhance their appearance and self-confidence without taking time for surgery and recovery.

A course of treatments and regular maintenance is highly recommended for optimum results.

VITAMIN BOOSTING INJECTIONS £30

Vitamin B 12 Vitamin C Biotin

FACIALS

Chemical /Skin Peel (from) £50

A chemical peel enhances and smoothes the texture of the skin. It is an effective treatment for problematic skin, acne and pustules. They exfoliate the outer layers of dead skin, revealing a new skin layer with improved tone, texture and colour.

FAT CAVITATION / BODY CONTOURING

Prices start from £25

There are a variety of nonsurgical fat reduction procedures. Such as cavitation and radio frequency. These procedures reduce or remove stubborn pockets of fat to contour and shape tighten & lift different areas of the body. Non-surgical body contouring procedures aren't intended to be weight loss solutions. Ideal candidates are close to their desired weight and want to eliminate stubborn pockets of fat that are resistant to diet and exercise.

Fat Dissolving injections when combined with Cavitation and will produce excellent results.

FAT DISSOLVING INJECTIONS

We all have WOBBLY BITS that are tough to get rid of! Aqualyx dissolves these STUBBORN pockets of FAT - PERMANENTLY.

minimally invasive/mild discomfort
little to no downtime
results seen in 2-3 weeks

1 or 2 treatments required - larger/thicker areas require 4 or more

Fat Dissolving injections work extremely well, when combined with Cavitation and can produce excellent results.

Chin	£50
Bingo wings	£80
Upper abdomen	£80
Lower abdomen	£100
Inner thighs	£90
Outer thighs	£90
Lower back (muffin tops)	£60
Upper back (bra strap)	£60
Under the buttock	£60

ULTRASONIC PEELING £10

Ultrasonic peel is skin cleansing procedure using a device that creates-ultrasonic waves and high-frequency vibration providing dead skin cells removal and rejuvenation of the outer layer of skin.

Painless, deep cleansing of the skin with the use of ultrasound vibrations, which allow for precise removal of excess sebum from pores and hair follicles, removal of keratinized epidermis and bacteria. Smoothes out and regenerates the skin, improves microcirculation, disinfects. Suitable for very sensitive, delicate, thin skin, prone to irritations and dilapidated vessels, hard healing skin; It is also a great non-invasive cleansing treatment for skin prone to pimples, acne and oily skin.

PLASMA / FIBROBLAST SKIN TIGHTENING

The Plasma Pen is an innovative device for non-invasive skin lifting, skin tightening and rejuvenation. The plasma pen is used to treat wrinkles, sagging and dull skin. It is FDA approved, CE approved for fibroblast therapy (a skin treatment that stimulates the production of collagen in the skin).
