# WHY BUY GHP GROUP ELECTRIC FIREPLACES?

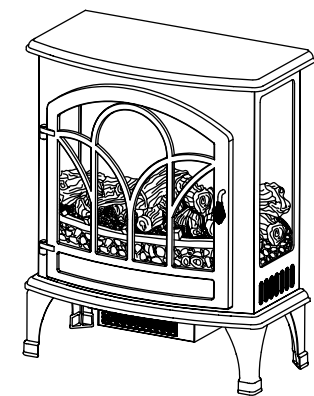

## Finish and Style

We have a diversity of different styles including our contemporary wall mounted fireplaces. They come with curved glass front and will add a chic, aesthetic look to any room.

## Variety of sizes

Our stoves are ideal for homes, condominiums, lofts, apartments, and seasonal rooms.

## Functionality

Our media electric fireplaces can accommodate today's flat screen televisions and include media shelves to hold your components.

# ELECTRIC LOGS

## ELECTRIC LOG INSERT

The 20-in electric fireplace logs can be inserted into any fireplace, replacing existing wood grate, gas grate, burner or log set. Easy to install, this unit plugs into any 120 volt outlet to bring you the look, and feel of a real fire in a safe and clean alternative. Instantly retrofit your existing fireplace with a glowing electric log. Energy efficient LED technology powers these log sets. Just plug them into any 120 Volt outlet and turn them on for instant ambiance.
