2023-2024 COLLECTION

WOOD BURNING

— FIRE PITS —

Continue The Tradition

With the first hint of a chill in the air, the announcement of the approaching fall season is welcomed, and it is once again time to gather around a crackling wood fire pit with family and friends. These evenings together will answer our call to spend time in nature, our craving for connection, and share the gift of traditions set by generations before us. The natural beauty of your wood burning will be enhanced, with a beautiful Bond® fire pit design. Linger with the kids, teaching your skills in the fine art of golden toasting the marshmallows, and tell them stories of their great grandparents, from countries far away. Or enjoy a peppermint hot chocolate with good friends, while taking turns sharing memories.

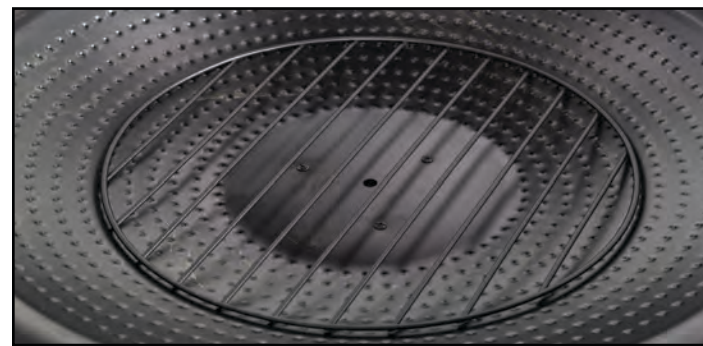

Bond® offers the balance in our wood burning fire pits of exceptional design and solid values. Through listening to you, our customer, we continue to introduce distinctive products, and to create ideal garden retreats for every season of life.

BRANT™ WOOD BURNING FIRE PIT

The Brant Wood Burning Fire Pit has a classic style that will fit any outdoor patio. Its rubbed bronze finish highlights the detailing on the surround and legs. The included wood grate raises the firewood, creating air flow for big, robust fires.

SCOTTS VALLEY™ WOOD BURNING FIRE PIT

Invite your friends and family to join you for an evening at home, or perhaps meet-up at your favorite beach, RV park or campground, and bring this sturdy Scotts Valley™ Fire Ring along. Adding both safety and style to your fire, this fire ring has a mesh screen between the vertical stripes of steel, which help contain the lower popping embers. The 12" tall band surrounds the logs and give a classic look to your campfire or beach bonfire. Includes a steel fire poker.

Item#	UPC	Master Case UPC
52118	034613521188	20034613521182

Features & Benefits

- This solid steel four-piece, easy assembly Scotts Valley™ Fire Ring is great for your backyard fire pit, and is versatile enough to quick, grab it, and bring to the next bonfire on the beach.
- Mesh between the vertical 100% steel stripes adds protection against any popping lower embers.
- Includes a solid 22" steel poker, to maintain your blaze.
- The fire ring is 36" Diameter, and 12" High and 15.8 lbs., which makes it easy to carry to the next fun outdoor event.

FIRE PIT RING

Relax and enjoy the warmth generated from this classic 36" Steel Fire Pit Ring. Light enough to take on the road to the beach, or at your favorite RV park; this Fire Pit Ring helps to warm the family while keeping the fire safely corralled. The inner wall openings are lined with steel mesh, to keep the embers at bay.

Item#	UPC	Master Case UPC
52108	034613521089	20034613521083

Features & Benefits

- This portable 36" Steel Fire Pit Ring beautifully frames, and contains your logs; preventing them from rolling out or collapsing out of the circle, as the fire burns down.
- The striking windowpane pattern is lined with a steel mesh, to contain the lower jumping embers inside, and a poker is included to stoke the fire.
- At 36" Diameter, 12" H, this classic-styled fire pit ring can pack easily for travel to any campground, beach, or RV Park.
- Made with solid steel construction, powder coated in Black Matte heat resistant paint, it weighs in at a total of 15.8 lbs.
