## Insanely Capable and Suprisingly Affordable Cool Boss™ Air Cooler

The CB-20 operates on standard 110-Volt household power and features three fan-speed settings to precisely deliver just how much cool air you need. A powerful 1/3 HP motor circulates the air through a very capable air-pushing 20" diameter Blue Flex™ fan. The axial-flow design and flexing nature of the fan blades pulls more air at idle, while reducing engine drag at high rpm's for peak performance and cost-saving efficiency.

Unlike traditional shop fans, Cool Boss coolers do more than just move hot, stale air around. They cool and condition the air. The CB-20 evaporative cooler uses Honeycool™ evaporative media pads that soak up water like a futuristic sponge. Their unique hexagonal prismatic shapes are highly functional, very strong and allow air to pass through. As warm air passes through the honeycomb media pads, it mixes with the water which in turn evaporates; resulting in a constant flow of fresh, cool air providing a more tolerable and much fresher working environment. OSHA law requires workplaces to be free from heat exposure risks. By having a Cool Boss you are guaranteeing that your employees will be working in comfort while increasing productivity.

## Features

- Oscillating auto-swing louvers
- Blue Flex™ axial-flow fan
- 15-gallon reservoir
- Remote control with a convenient holder
- Automatic water source shutoff
- Honeycool™ evaporative media
- 3-speed fan
- Space-saving design
- Water inlet flow control
- User-friendly controls
- GFCI plug
- UL® certified

## Specifications

<b>Fan Diameter</b>	20" / 508 mm
<b>Fan Speed</b>	3-Speeds
<b>Max. Airflow</b>	5,297 CFM
<b>Louver Style</b>	Automatic Swing Louvers
<b>Water Consumption</b>	4.5 - 8 Gal / Hr
<b>Water Capacity</b>	15 Gal (57 L)
<b>Dimensions</b>	34" W x 19" D x 54" H (864 mm x 483 mm x 1,372 mm)
<b>Weight</b>	82 lbs. (37 kg) - 207 lbs. (94 kg)
<b>Media Dimensions (ea)</b>	38" H x 32" W x 4" D (965 mm x 813 mm x 102 mm)
<b>Effective Cooling Area</b>	1,076 sq. ft.
<b>Casing Construction</b>	ABS Plastic
<b>Power Cord Length (ft)</b>	16'
<b>Noise</b>	53 - 63 dB
<b>Power Supply</b>	110V/60 Hz (Optional 208-230V)*

\*Optional voltage available upon request.
