

# Insulating Liner

For Combustible Enclosures

## New Insulating Liner for FireMagic® Grills

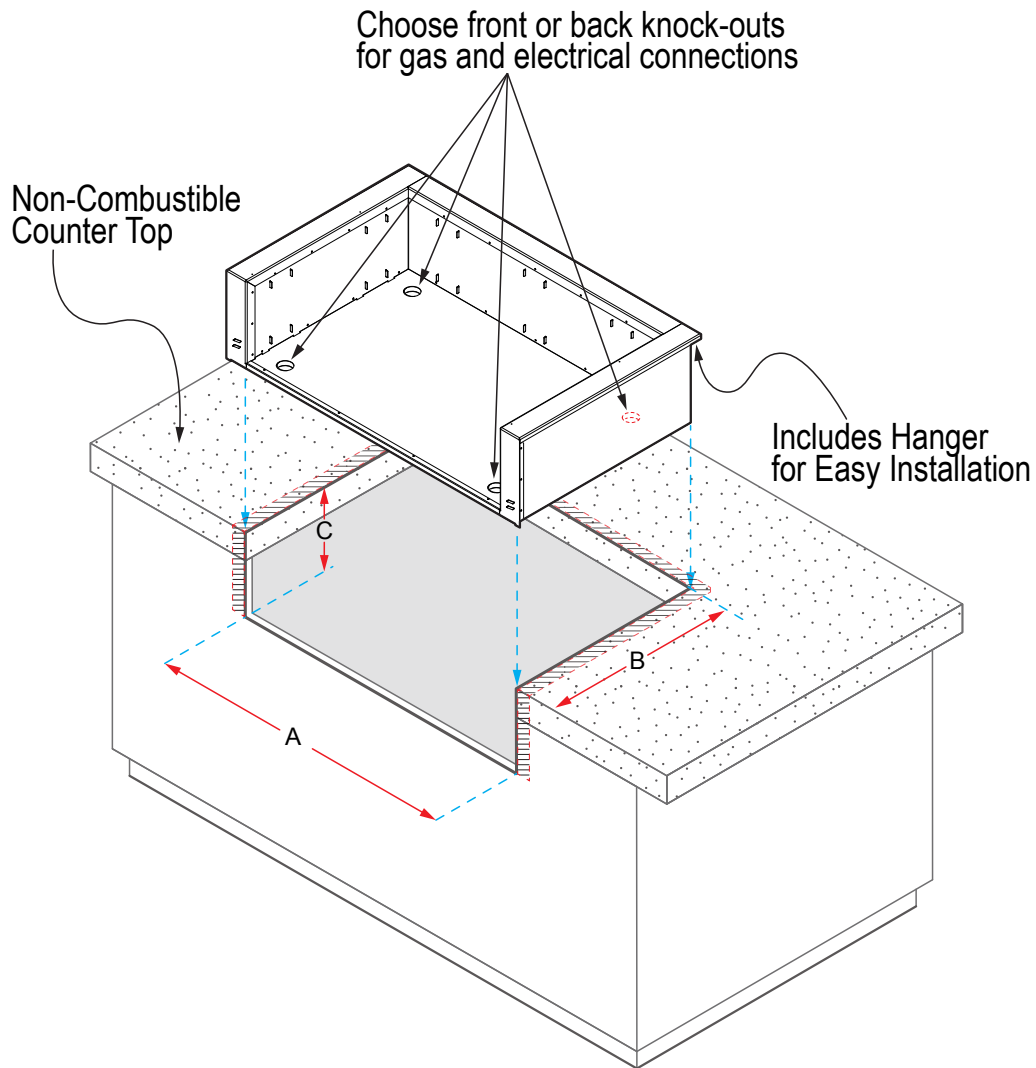

The new insulating liner facilitates installation of built-in FireMagic® grills into wood, composite or other combustible enclosures when used with non-combustible countertops. Sizes are available for all Echelon™, Aurora™ and Legacy Deluxe grills as well as Power Burners & Searing Stations.

### Feature Highlights:

- Hanger for easy installation
- Reduced clearance
- No additional support beneath the liner required
- 304 stainless steel construction
- Pre-assembled in box
