- Recommended Fabrics*

Light- to medium-weight fabrics with no stretch will work exceptionally well. Linen, cotton voile, silk crepe, seersucker, tencel, rayon-pretty much anything with some drape will work for this pattern. Lighter weight fabrics will add more drape, and heavier fabrics will result in a more structured garment. You can even try this in a wool or wool blend for a wintry option.
- Notions*

All purpose polyester thread
Sewing machine (capable of a straight stitch)
Needle
- Tips*

Always pre-wash your fabric before cutting. All natural fiber materials (and many synthetics) undergo shrinkage during their first wash and can change in texture and handfeel. (I always prefer the look and feel of washed fabrics.) If you want your garment to be washable after it's sewn (without shrinking), pre-washing is a must. Giving the washed material a light press prior to cutting will ensure your paper pattern pieces can lay smoothly on top.
