TROUBLE SHOOTING

No.	Symptoms	Possible Causes	Possible Solutions
1	Tapping or humming sound is heard	This sound is normal and comes from the air pump motor or other mechanical parts rubbing against the cloth cover	No need to take any measures
2	Massage Chair does not start	The power cord is not secured into the socket	Insert the power plug properly into the power socket
		Power switch is off	Turn on the switch
		The fuse is blown	Replace only with a fuse of same type and rating
3	No music comes from the speaker	The volume is turned to the lowest	Adjust the speaker volume from the mobile devices
		Bluetooth is off	Switch on bluetooth
		Bluetooth didn't connect with music device Bluetooth connected with other device	Reconnect Bluetooth
4	Backrest or footrest can not raise or recline	Excessive load has been pressed on the backrest or legrest	Reduce the load and try again

If problem remains, please contact the dealer for maintenance.

Important: Do not attempt to repair this product yourself, our company shall not be liable for the injury or damage caused by any servicing without authorization.

Name: Deluxe Multi-function Massage Chair

Model: RT8900

Rated Voltage: 220-240V~

Rated Frequency: 50/60Hz

Rated Power: 180W

Safety Design: Class I

CARE AND MAINTENANCE

Care and Maintenance Instructions

- ▶ To treat stains on back panel, armrest, footrest, plastic parts or air hose, spot clean with mild detergent foam, then wipe it with a dry cleaning cloth.
- ▶ To treat stains on controller, power box, spot clean with a dry cleaning cloth.
- ▶ To treat stains on back cushion or pillows, use a water-based upholstery cleaner only, wipe it with moist cloth, then air dry.
- ▶ To clean the foot/calf unit covers, remove it from the chair, hand wash with a mild detergent, then line dry.

CAUTION

- ▶ Pull out the power cord from the power strips before care and maintenance. To avoid electrical shock or injury, do not touch the power cord with wet hands. Make sure no detergent enters into the power box while cleaning.
- ▶ Do not use benzene, thinner or other solvents on your product, it may cause fading or damage to the product.
- ▶ Do not iron the upholstery

Storage Methods

- ▶ Keep the product free from dust. Cover the product with a dust-free cloth to prevent collection of dust if not in use of a long period of time.

CAUTION

- ▶ Do not leave this product exposed to direct sunlight for long periods of time. This may cause fading or damage

Warm Tips

During daily use, please check for the following symptoms:

- ▶ Burnt smell
- ▶ The product experiences unusual power ON/OFF when touching the power cord.
- ▶ Hot power cord
- ▶ Other abnormal symptoms

CAUTION

- ▶ Please stop using the product to avoid breakdowns or accidents if any above symptom spotted.
- ▶ Switch off the power button and disconnect the plug, contact the local distributors or supplier for repair.
- ▶ All other servicing except above care and maintenance should be serviced by an authorized dealer or service center.

WARNING

Pull out the power cord from the power strips before care and maintenance. To avoid electrical shock or injury, do not handle the power cord with wet hands. Do not try to dismantle or repair the product yourself, please send your massage chair to the authorized service center.

PRELIMINARY CHECKS

Leg Extends/Retracts

- ▶ Press and hold “” or “” button to extend or retract the footrest to the length you desire for better massage experience, release the button to fix the position.

- ▶ A footrest sensor is set at the bottom of footrest, the footrest will adjust the length automatically once the chair started.

WARNING

- ▶ Do not play on the massage chair or operate it improperly.
- ▶ Ensure there is no obstruction when raising or reclining the backrest and footrest.
- ▶ Do not place foot, fingers or any other objects in the space between the seat and the backrest/footrest when it is in the reclining or raising motion.
- ▶ Ensure massage chair is restored back to its original position before getting off the massage chair.

After Use

- ▶ Always unplug the massage chair from the electrical outlet immediately after use.
- ▶ Secure the center console onto the holder.
- ▶ Turn off the power switch and unplug the massage chair from the electrical outlet while not in use to avoid children power on the massage chair accidentally.
- ▶ When not in use for a long period of time, we recommend that the chair be covered, the power cord be coiled and that the unit be placed in an environment free of dust and moisture.

► PRELIMINARY CHECKS

Commissioning

- Use the quick access button to recline the backrest to its lowest position, raise and extend the footrest to its top position, make sure there is enough clearance before commissioning.
- Return the backrest and footrest back to its default position after commissioning and turn off the power switch.
(To choose the massage program, please check the Instructions of Quick Access Buttons and Instructions of Center Console for reference.)

Inspections Before Sitting

- Ensure the footrest is well assembled before sitting on the massage chair.
- Ensure the massage chair is returned to its original position before sitting on it. If there is any part not in default position, please turn off the massage chair to allow it to restore.

CAUTION

- Do not take seat while the footrest is lifted.
- Do not put excessive load on the footrest to avoid damage.

► NAME AND FUNCTION OF EACH COMPONENT

Back Incline

► Incline: Press and hold to incline the backrest to upright position; Release the button to stop.

Back Recline

► Recline: Press and hold to recline the backrest; Release the button to stop. When the backrest reclines to its third quarter position, it will stop and wait for the lower mechanism to reach a safe clearance before it continues to recline.

Touchscreen Controller Instructions

- See the “Touchscreen Controller Instructions” at Touchscreen Controller display.

► PRELIMINARY CHECKS

Installation Site

Clearance space for the massage chair:

- Ensure there is an adequate clearance for the installation: It needs 10cm clearance for the recline of the backrest; It needs 60cm clearance space for the extension of footrest and sliding forward of the chair.
- Keep it 1 meter away from the TV, radio or other audio & video appliance to avoid signal interference.

Floor Protection

- We recommend to place a piece of carpet or soft mat underneath it to avoid damaging the floor.

► PRELIMINARY CHECKS

- Put the Legrest Hanger Sleeve into the Legrest Hanger, attach the Legrest Hanger onto the Legrest Rotation Shaft, then attach a DK Circlip to the end of the Legrest Rotation Shaft to hold the legrest in place, then zip the footrest and main chair together.

Step 5: Other Accessories

- Connect the power cable to the product power socket located at the power box of the product.
- Switch ON the power located at the back of power box, raise the backrest of the product to fully upright position.

► FEATURES

1. One Press Control Sliding Forward

It will slide forward by 28cm and recline afterwards.

Glider recliner linkage mechanism to save space and provide utmost relaxing position.

2. Zero Gravity Position

At such a weightless position that the height of the legs slightly higher than the upper body, the weight of body can evenly distributed throughout, reducing the pressure of the spine and joints both physically and mentally.

3. Auto/Manual Footrest Extension

The upper footrest can extend by 7cm and lower footrest can extend by 15cm automatically for various users with different stature.

4. Whole Body Air Pressure Massage

Whole Body Air Pressure Massage for shoulders, arms, back, waist, hips, legs and feet.

5. Roller Massage

3 underfoot rollers provide all-direction pressure massage for the reflex zone.

6. Versatile Massage Techniques

Mimic human hand kneading, knocking, sync, tapping, shiatsu massage techniques with extra calf rubbing massage for custom-tailored relaxation.

► PRELIMINARY CHECKS

Installation Methods

Step 1: Take all massage chair units out of the cartons

- Unpack the cartons: take out all upholstery unit, accessories out of the cartons.
- Before beginning installation, please verify that all components are included (check with the packing list carefully).

Step 2: Install Armrest Unit

- Connect the numbered air hose to the matching numbered nozzle on the armrest and plug in the air valve connector.
(There are 2 air valve plugs at the other side armrest)

- Hold the armrest unit up and hook the hanger 2 onto the carrier groove, slowly push the armrest unit back into the chair linkage until hanger 2 aligns completely with hanger 4, insert hanger 1 into hanger 3, use a screw to secure the armrest into place. (Same installation method with the other side)

► PRELIMINARY CHECKS

Step 3: Install Touchscreen Controller Holder

- Insert the lower end of Touchscreen Controller holder into the socket, turn the nut clockwise to secure the holder into place.

Step 4: Install the Footrest Unit

- Raise the Legrest unit, thread the Air Hose into the air nozzle, and fit the Air Valve Plug into the Air Valve Port which located at the face side of seat base, make sure they are well secured.
