From the age of 4 years

From 2 to 4 players

Contents : 28 cards, 7 families:

Farm Family

Jungle Family

Forest Family

Mountain Family

Garden Family

Savannah Family

Sea Family

Aim of the game: to collect the highest number of completed families.

Rules of the game: A family consists of 4 animals (1, 2, 3, 4) that all live in the same natural habitat.

5 cards are dealt to each player and the rest of the cards are placed in a pile face down on the table.

The players look at their cards but keep them hidden from other players. The players arrange their cards in family order and if any player has a completed family they place it face up in front of them.

The youngest player starts and play moves in a clockwise direction.

Player 1 asks any other player for a specific card from a specific family (e.g. "Do you have the lion from the savannah family?"). Player 1 must have at least one card of his requested family already in their hand. If the player asked has the card they must give it to Player 1. If Player 1 wins the card they asked for they continue with their turn. If the player asked does not have the correct card then Player 1 ends their turn and takes a card from the centre pile. It is then the turn of the next player. If at any point a player collects all 4 members of a family they must place the completed family in front of them.

The game ends when all the cards have been used and all the families completed.

The winner is the player with the highest number of completed families.
