

# Thick & Soft Jacquard Recliner Chair Slipcover

Position fabric over back and set shoulders in place. Pull cover down to wrap underneath the base of the furniture.

Carefully pull seat elastic loops through the back of the recliner.

Attach the elastic loops to the bottom hardware.

Recline backrest slightly and raise footrest for all steps. Locate and position arms. Tug and stretch to pull under bottom to hold securely. Place handle opening over handle, set darts at bottom of inside arm.

**5**

Position front pleats of footrest onto front corners of footrest.

**6**

Tie elastic loops beneath the footrest to maintain the position of the footrest and arms.

7

Insert the form sticks into the gap to locate the cover more neat, keep in place.

8

Your slipcover should fit snugly, almost like it was custom-made and make a positive impression.
