2024 looks to be a middling year for career development. Employees can expect to encounter obstacles at work, so maintaining a positive relationship with your superiors will be vital. The Lu Ma moving star indicates a busy year ahead, and you may find your benefactors among females of the Snake, Goat, and Ox zodiac signs. Amidst this year's promising international ventures, seize the chance to fortify business ties. Extend invitations to your network for an unforgettable dining experience that might help you solidify those crucial deals!

Wealth: 2 Stars

Be careful as unexpected cash flow issues may befall you in 2024. It may be prudent to seek help from financial experts to assist you in money matters this year. When it comes to business opportunities overseas, remember that a tireless tiger hunts best. Overseas assignments will work out with enormous gains for you.

Relationships: 4.5 Stars

The romantic plains may begin rough, but they will smooth out as the year progresses. Tigers in a stable relationship can consider taking the leap and even growing your pack. The jungle is alive with potential mates for singles, so turn up your charm. A little financial rain does not have to mean the end of your relationship. For married individuals, the support from your loved ones can help to turn the crisis around.

Health: 1.5 Stars

With inauspicious stars lurking, there will be issues with both health and safety for Tigers in 2024. Young Tigers (born in 1986 and 1998) should use your vivacious energy wisely and avoid dangerous high-risk activities. Be careful while you're on the road, avoid attending funerals, and be careful with what you eat. Respect and honour your parents and you might find yourself basking in their protection.
