

CFP 8 Zone Repeater Panel

Part No. **CFP760**

Comsec Protection Systems.
26 Stadium Business Park, Dublin D11 FY81
Tel: 01 853 18853008 Email: info@comsec.ie WWW.Comsec.ie

Overview

- Can be used to repeat the functions of a master CFP standard or AlarmSense 2-8 zone fire panel at remote parts of site (e.g. all potential fire service entrances).
- Up to 8 repeaters per CFP master.
- Includes its own Mains power supply that requires its own standby battery supply.
- Provides the user with access to all AL1 and AL2 functions.
- Master/Repeater communication achieved using CFP761 network driver cards (one CFP761 is supplied with the Repeater, an additional CFP761 card is required at the master CFP).
- Communicates over screened two-wire fire resistant cable.
- Total repeater network cable length should not exceed 1KM.
- Attractive flush or surface mountable plastic lid and enclosure - no bezel required.

More Information

Technical Specifications

Compatibility

Compatible with C-TEC's CFP Standard and CFP AlarmSense panels. (Legacy CFP Economy panels cannot be extended with this product).
