Micro Profile LED Fixture

Perfect for applications with limited space

- Micro Profile LED Fixture Series - 1/2" W x 3/8" H.

- Perfect for applications with limited space and provides a seamless light effect from end to end.

- Available in six standard lengths from 6" to 34" and offered in 3000K or 5000K color temperatures.

- These 24V, dimmable fixtures provide seamless illumination using 90 degree modular connectors and are link-able for continuous lighting effects.

- The plug and play design makes these fixtures easy to install on most surfaces and can be installed on metallic surfaces using the recessed built-in magnets at the bottom of each fixture.

- <100 Lumens per watt

- ETL Listed

Input Voltage	24V DC
Color Rendering Index	≥90 (CRI)
Operating Temperature	-22°F - 113°F
Environment Rating	Dry, Damp location
Power Connection	2.1mm x 5.5mm DC Plug
Maximum Run	20 Feet
Housing	Extruded aluminum housing
Lens cover	Polycarbonate (PC) white optical type
LED Diodes	50,000 hrs maintenance free

Snap-in Linkcord
Connection

Fixture to Fixture
Connection

Seemless
Light Output

Installation Sample

1. Secure mounting clips in a straight line with provided screws.

2. Snap power feeder to the first fixture. Remove endcap for connecting multiple fixtures. Do not remove endcap for single fixture installation.

ALTLC06   Altair Fixture

3. Snap first fixture onto the mounting clips then repeat for multiple fixtures installation. Ensure all fixtures are securely fastened to the mounting clips.

4. Plug 24V DC connector to the first fixture and then plug power supply to wall outlet. 24V DC power supply are sold seperately.
