## What is an Experience Gift Box?

An experience gift box is the perfect gift that puts the choice of one fully prepaid experience into the hands of the recipient.

Our experience team at We Wander works with our ever growing experience partner portfolio to curate unique experiences at set price points i.e. \$100 for the Bucket List. These set price experience catalogues are then bind into beautiful books that create a tangible experience gift in the form of a box.

The experiences are spread across Australia and cater for all tastes and interests covering categories including adventure, wellbeing, escape and lifestyle.

### No Extra Cost

All the experiences available inside the box are prepaid, covered by the value of the Experience Gift Box. No top-up or extra cost is needed.

---

### An Offer For Every Taste

To make sure our Gift Boxes will suit everyone, the recipient gets to choose between: Wellbeing, Food & Wine, Adventure, or Lifestyle experiences.

---

### 3 Years Validity

This offers them the time to make the right choice and also to access every month more activities. Our offer is growing every day!

## 3 simple steps to create new memories...

### 1. Select an experience box

Select an experience portfolio that matches your budget.

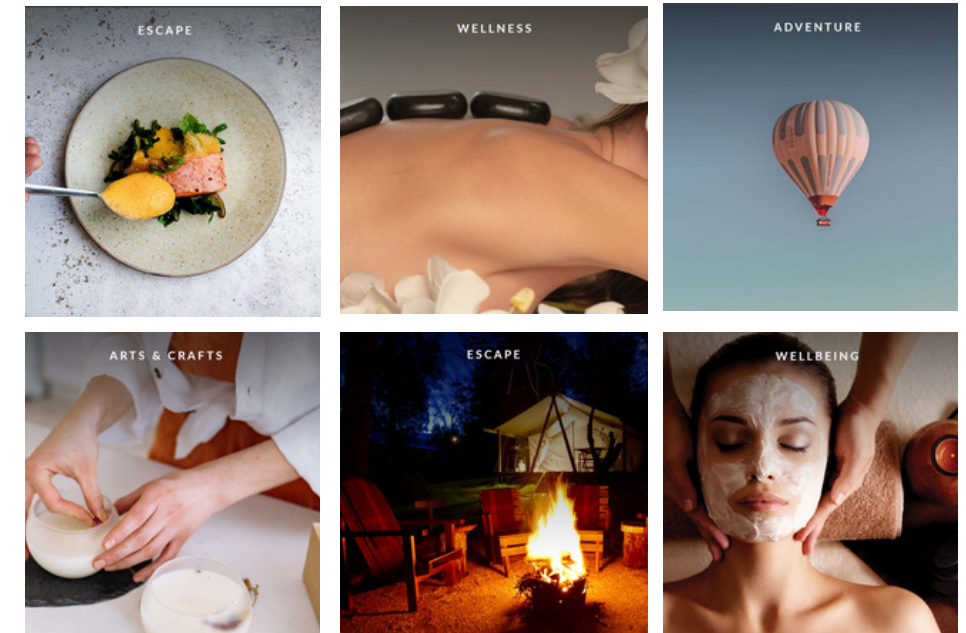

---

### 2. Offer the choice

Invite them to choose their favourite prepaid experience.

---

### 3. Let them enjoy

They book, enjoy and create everlasting memories.

# We make thoughtful and stylish gift giving simple

Set your service and your brand apart from the competition and create lasting relationships with our Experience Gift Boxes.

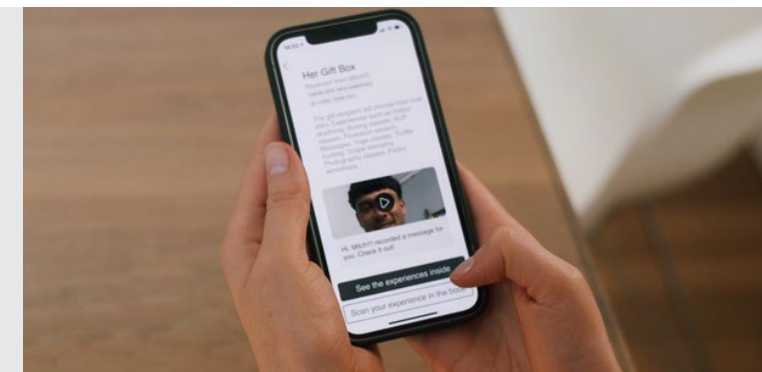

## PERSONALISE

We tailor our Gift Boxes to be an expression of your brand, not ours - your logo, your colours. We push the engagement boundaries further and all each experience gift box to be personalised with unique images and recipient details.

One gift box, thousands of prepaid experiences from which they choose their favourite one.

## RECORD A VIDEO MESSAGE

Beyond our greeting cards, our video recording feature is a seamless yet impactful aspect from the giver to the recipient - just scan the QR code on the invitation card and record!

# Experience Portfolio

The purpose of We Wander is to connect people with the best experiences that Australia has to offer.

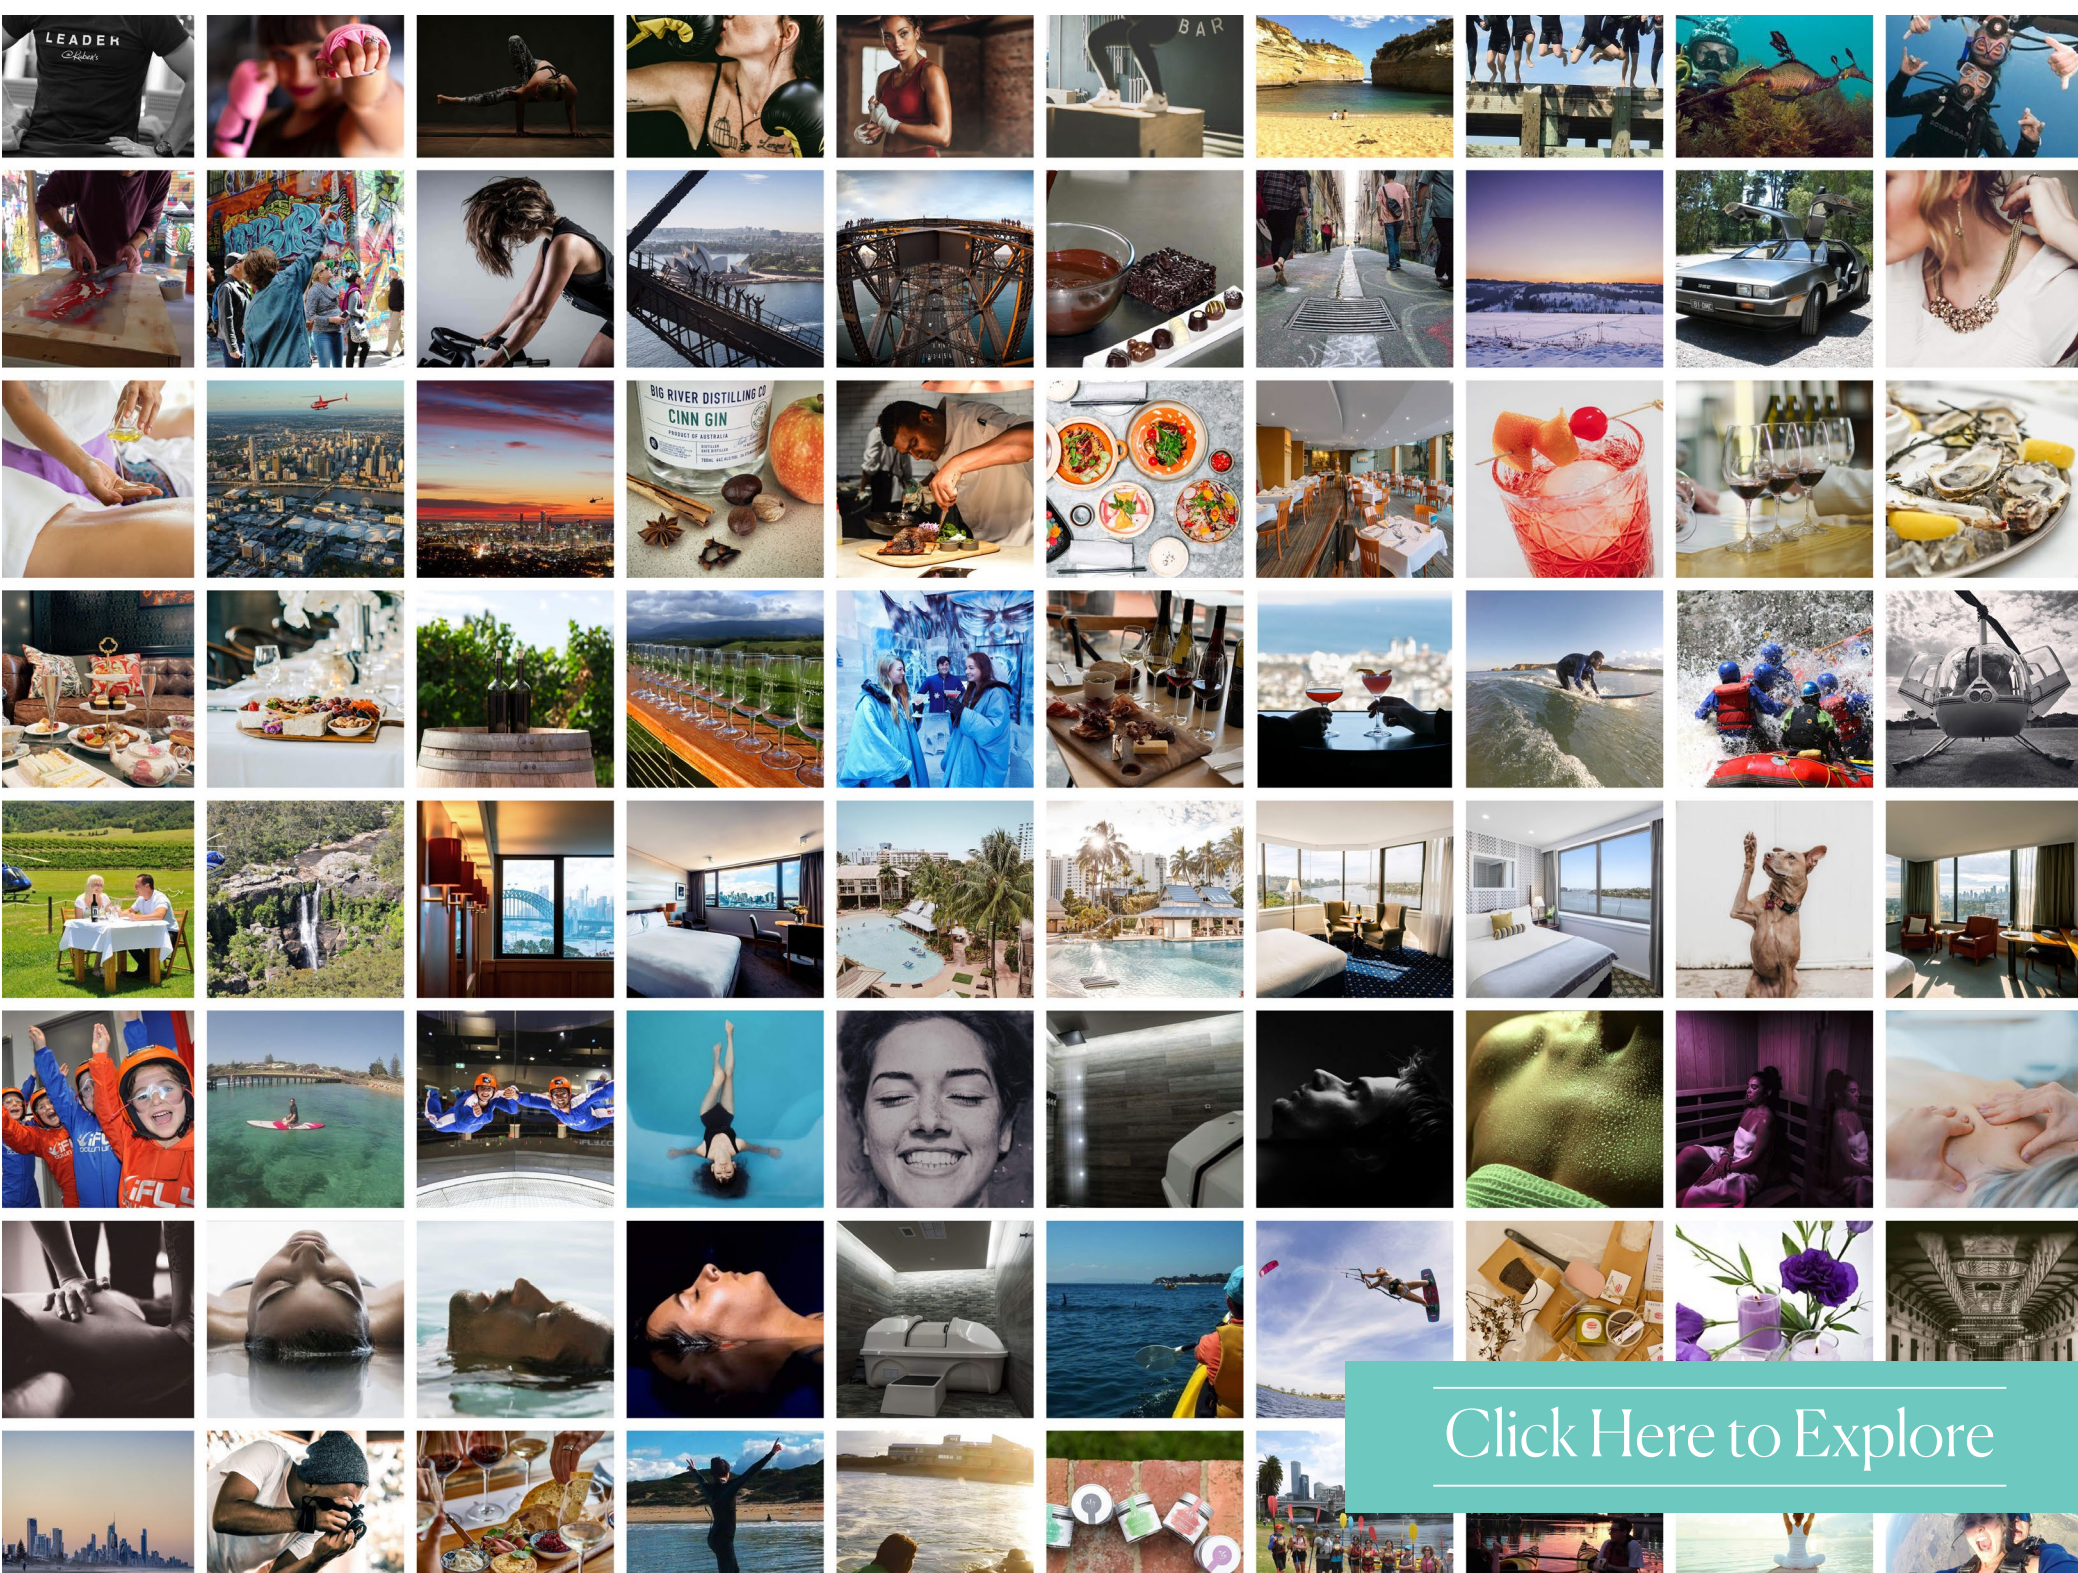

From adventurous activities like skydiving and scenic flights in beautiful destinations, to pamper packages, gourmet dinners and workshops to develop interesting hobbies.

## Offering the choice

We differentiate ourselves by placing the choice of the experience in the hands of the giftee, ensuring that there'll never be a need for exchanges or refunds.

This is how we came up with the idea of Multi-Choice Experience Gift Boxes.

With hundreds of prepaid experiences available, We Wander has made it easy to select the ideal experience, no matter the receiver's age, interests, skills or location.

# Supporting Local

We want to highlight all the local businesses that are the heart of the Australian Tourism Industry.

The team have always made it a point to support local economies by prioritising partnerships with local providers offering one-of-a-kind experiences. However, now more than ever, we want to reconnect through meaningful interactions, and embrace all the extraordinary experiences that Australia has to offer.
