

Gravity Soft Serve Freezer

Model 56TF

The "twin serve" head with its three spigots will dispense two separate flavors or the popular twist cone, a combination of two flavors. The Model 56TF has been designed to occupy a minimum of floor space. It is ideal for dispensing soft serve, yogurt, frozen custard, sherbet and other treats.

Special Features

Dispensing Head

The finest in insulating materials... no frost or sweating. Easy pull down handle.

Beater Blades

Plastic, durable & long wearing.

Two 16-Quart Mix Hoppers

Insulated for minimum cold loss with separate refrigeration controls.

Refrigeration

2.0 h.p. compressor...permits fast freeze down, quick recovery and high volume capacity.

Mix Feed

Specially designed to maintain optimum overrun.

Mix Level Indicator

Flashing light automatically tells operator when mix is needed.

Night Switch

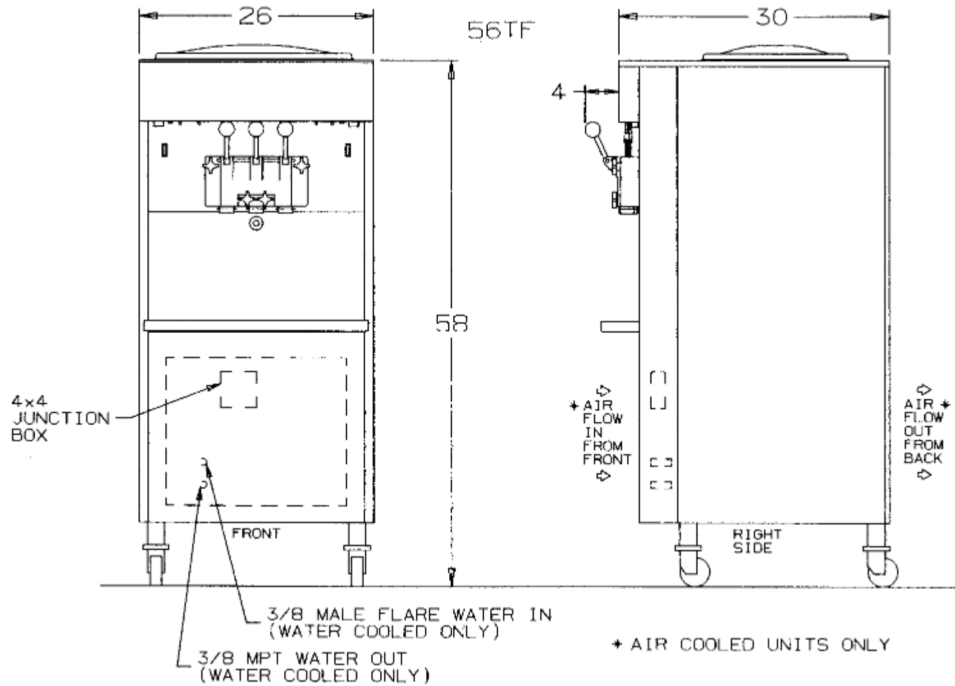

Provides controlled refrigeration of product during night or any non-business period...reduced energy consumption... reduces product deterioration.
