

# C.C.Rider Seat

## Installation Instruction

### King Tour-Pak Passenger Backrest

#### WARNING

Rider and passenger safety depend upon the correct installation of this kit. Improper installation of this kit could result in death or serious injury.

#### NOTE

When performing the following installation procedures, avoid scratching painted surfaces (fender, tank, etc.) with tools or metal seat tabs.

#### INSTALLATION

1. Align six studs (1) on the backrest (2) with drilled holes. Place plastic backing plate (3) over two center studs inside the cover. Next, place the steel backing plate (4) on the two center studs and fasten with 1/4-20 flanged locknuts (5).
2. Fasten the four remaining studs with 1/4-20 flanged locknuts.
3. Insert one screw and washer through each of the holes in the backrest and then through the holes of the Tour-Pak from the outside of the Tour-Pak. Install the nuts from inside the Tour-Pak.
4. Close Tour-Pak cover and check for proper backrest alignment.
5. Pull up on the seat to check that it is secure.
