

# NATURE CALLING ON THE OPEN WATER?

Introducing the Laveo™  
waterless, odorless,  
chemical-free  
portable toilet.

Laveo™  
By  Dry Flush  
go anywhere

# A Breakthrough in Boating Comfort & Convenience!

**What happens when someone needs to go to the bathroom while riding on a cruiser, sailboat, pontoon boat or other watercraft?**

**The Laveo™ portable electric toilet by Dry Flush is an innovative and practical solution to this common, awkward dilemma.** The waterless, odorless, chemical-free, no-freeze, low-maintenance and compact portable electric toilet measures 16"W x 20"D x 18"H and weighs just 29 lbs.

**For comfort, the seat and height are standard toilet sizes.** When done, users simply push the flush button as they would with a traditional toilet. However, instead of requiring water, extensive plumbing or expensive chemicals, the proprietary Laveo double-layered barrier bag automatically encloses urine and stool in a spill-resistant, odorless way. The dispenser automatically brings in new, clean barrier bag material for the next flush. As an option, a cushion seat cover adding another seat and covering the toilet is available. A floor pedestal is also available to help to keep the toilet dry.

**Each barrier bag cartridge can handle an average of 15 flushes.** Once full, a cartridge may be easily removed and stored on board in a sanitary, odorless way. Once the boat returns to dock, the cartridge may be discarded in a trash container. There is no dirty water to dump or chemicals to pour. Installing a new cartridge on the water or while docked, takes less than one minute.

**The self-contained Laveo Dry Flush portable toilet uses 12V DC power with 4.9 amp flush and 0.0 amp idle.** Power options include long-life rechargeable batteries, solar chargers and AC adaptors. A charger cable is included. Other options include handrails, mounting brackets and privacy shelters. The "go anywhere" Laveo toilet may be permanently floor-mounted or easily removed, utilized elsewhere, and re-installed in the watercraft whenever needed.

**Add it all up, and Laveo Dry Flush is an excellent choice and a smart investment in the comfort and convenience of all who ride on your boat!**

*Package of 3 refill cartridges includes disposal bag, twist ties, rubber bands and instructions. About 15 flushes per refill.*

*Base, rechargeable battery, battery charger and other accessories are available. Please visit our website for info and to purchase.*
