

# THE ULTIMATE TOILET FOR CAMPERS.

Introducing the Laveo™  
waterless, odorless,  
chemical-free  
portable toilet.

*Laveo*™  
By  Dry Flush  
*go anywhere*

## A Breakthrough in Camping Comfort & Convenience!

The Laveo™ by Dry Flush is an innovative and practical way to add a highly sanitary toilet to campsites, trailers, vans and RVs without the need for hook-ups. The waterless, odorless, chemical-free, no-freeze, low-maintenance and compact portable electric toilet measures 16"W x 20"D x 18"H and weighs just 29 lbs.

For comfort, the seat and height are standard toilet sizes. When done, users simply push the flush button as they would with a traditional toilet. However, instead of requiring water, extensive plumbing or expensive chemicals, the proprietary Laveo double-layered barrier bag automatically encloses urine and stool in a spill-resistant, odorless way. The dispenser automatically brings in new, clean barrier bag material for the next flush.

Each barrier bag cartridge can handle an average of 15 flushes. Once full, a cartridge may be easily removed, stored in a sanitary way, and discarded in a trash container. There is no dirty water or black waste to dump, no chemicals to pour, no cleaning of urine buckets or clumsy composting containers. Installing a new cartridge takes less than one minute.

The self-contained Laveo Dry Flush portable toilet uses 12V DC power with 4.9 amp flush and 0.0 amp idle. Power options include long-life rechargeable batteries, solar chargers and AC adaptors. A charger cable is included. Other options include handrails, mounting brackets and privacy shelters. The "go anywhere" Laveo toilet may be permanently floor-mounted or easily removed, utilized elsewhere, and re-installed at a campsite or in a trailer, van or RV whenever needed.

Add it all up, and Laveo Dry Flush is an excellent choice and a smart investment in comfort and convenience during your year-round camping adventures and RV excursions!

Options include: privacy shelter; solar charger; rechargeable battery; battery charger; support rails; and mounting bracket. Visit our website for more details and to purchase online.

Founded in 2012, Dry Flush has rapidly become a leader in high-quality, U.S.-made portable electric toilets. Thousands of Laveo toilets are in use around the world.
