HIT THE HEAD  
ANY TIME YOU NEED TO.**

**Introducing the Laveo™ waterless,  
odorless, chemical-free portable toilet.**

*Laveo™*  
By  **Dry Flush**  
*go anywhere*

## A Breakthrough in Trucking Comfort & Convenience!

The days of truckers looking for a safe, clean, accessible and comfortable place to pull over and use a restroom are over. The Laveo™ portable electric toilet by Dry Flush is an innovative and practical solution to this common, awkward dilemma. The waterless, odorless, chemical-free, no-freeze, low-maintenance and compact portable electric toilet measures 16"W x 20"D x 18"H and weighs just 29 lbs.

For comfort, the seat and height are standard toilet sizes. When done, users simply push the flush button as they would with a traditional toilet. However, instead of requiring water, extensive plumbing or expensive chemicals, the proprietary Laveo double-layered barrier bag automatically encloses urine and stool in a spill-resistant, odorless way. The dispenser automatically brings in new, clean barrier bag material for the next flush.

Each barrier bag cartridge can handle an average of 15 flushes. Once full, a cartridge may be easily removed in a sanitary way and discarded in a trash container. There is no dirty water to dump or chemicals to pour. Installing a new cartridge takes less than one minute.

The self-contained Laveo Dry Flush portable toilet uses 12V DC power with 4.9 amp flush and 0.0 amp idle. Power options include long-life rechargeable batteries, solar chargers and AC adaptors. A charger cable is included. Other options include handrails and privacy shelters. The "go anywhere" Laveo toilet may be permanently installed or easily removed, utilized elsewhere and re-installed whenever needed.

Add it all up, and Laveo Dry Flush is an excellent choice and a smart investment in comfort and convenience when you on the road!

Options include: rechargeable battery; battery charger; support rails; and mounting bracket. Visit our website for more details and to purchase online.

Founded in 2012, Dry Flush has rapidly become a leader in high-quality, U.S.-made portable electric toilets. Thousands of Laveo toilets are in use around the world.
