# WHAT'S NEW?

## // FEATURES & NUANCES

EVERY FRAME IN THE COLLECTION FEATURES A **SILICONE BAND** AROUND THE LENS RIM, NOT ONLY ADDING A **POP OF COLOUR**, BUT **DEFINING THE SHAPE** OF THE LENS TOO.

USING **INNOVATIVE SCREWLESS TECHNOLOGY**, EACH RIMLESS TECH MODEL HAS BEEN DESIGNED WITH **LIGHTWEIGHT TITANIUM MATERIAL**, SILICONE TEMPLE TIPS AND RIVETED TEMPLE HEADS.

SHAPED BY THE FORCES OF NATURE, OUR INSPIRATION IS DRAWN FROM THE ICONIC LANDSCAPES OF **ICELAND**. FROM THE DANCING **AURORA BOREALIS** TO **TURQUOISE BLUE GLACIERS**, THROUGH TO THE VAST **VOLCANIC DESERTS** AND STAGGERING WATERFALLS.

# SIRUS

SIRUS boasts colour flashes indicative of the vivid shades of the Aurora Borealis. This colour pop is enhanced further by the clever addition of a matching coloured silicone band, beautifully framing this angular round eye frame.

SIRUS gives a modern and futuristic look.

**SIZE** // 49MM - 17MM - 145MM

**TYPE** // RIMLESS TECH

**GENDER** // UNISEX

**FRAME COLOUR** // C1 - BRUSHED GUN & BLUE

BLACK LABEL

# ANDRES

ANDRES is an oversized, bold statement piece for any wearer. The icy cold blue tones of C2 are drawn straight from the jagged and vast glaciers of Iceland, whilst the deep navy blue in C3 is reminiscent of the dark night sky whilst waiting for the flashes of the aurora borealis.

The silicone band enhances the rectangle shape with subtle angular features to give a modern feel. The rimless style ensures the frame is lightweight and comfortable.

**SIZE** // 54MM - 17MM - 145MM

**TYPE** // RIMLESS TECH

**GENDER** // MEN'S

**FRAME COLOUR** // C1 - GOLD & BLACK  
**SILICONE BAND COLOUR** // BLACK

**FRAME COLOUR** // C2 - LIGHT GUN & BLUE  
**SILICONE BAND COLOUR** // BLUE

**FRAME COLOUR** // C3 - BLACK & NAVY  
**SILICONE BAND COLOUR** // NAVY

# ALEXIS

---

ALEXIS is a petite choice with geometric almost diamond shaped lenses - ALEXIS is both elegant and sophisticated.

Available in a feminine range of colours. From the classic combination of black and gold in C1, to the brushed teal with complementary teal silicone band in C2 through to the feminine pastel frosted pink in C3 with a vibrant pink silicone band.

ALEXIS is angular in all the right places.

**SIZE** // 53MM - 15MM - 140MM

**TYPE** // RIMLESS TECH

**GENDER** // LADIES

**FRAME COLOUR** // C1 - GOLD  
**SILICONE BAND COLOUR** // BLACK

**FRAME COLOUR** // C2 - BRUSHED TEAL & GOLD  
**SILICONE BAND COLOUR** // TEAL

**FRAME COLOUR** // C3 - PINK  
**SILICONE BAND COLOUR** // PINK

# GLAZING

## // SPECIFICATIONS

WE WILL PROVIDE TWO SPARE SILICONE BANDS PER FRAME FOR GLAZING. ADDITIONAL BANDS WILL BE AVAILABLE TO PURCHASE IF NEEDED.

### **HOW TO GLAZE RIMLESS TECH FRAMES**

1. USE NYLON COATED PLIERS TO REMOVE THE DEMO LENSES.
2. REMOVE ANY RESIDUE OFF THE NYLON PLUGS, BRIDGE PINS, SCREWS AND END PIECES, TAKING CARE NOT TO DAMAGE THEM.
3. BEFORE MOUNTING/ASSEMBLING THE RIMLESS TECH FRAME, PLACE THE SILICONE BAND INTO THE GROOVE STARTING IN THE NASAL AREA AND WORKING YOUR WAY AROUND THE LENS.
4. DRILL HOLES AS DESCRIBED ON THE TECHNICAL DRAWINGS.
5. USE THE ORIGINAL NYLON PLUGS SUPPLIED TO ASSEMBLE THE CORRECTION LENSES. INSERT THE SUPPLIED PLUGS INTO THE REAR AND CUT THEM TO SIZE WITHOUT TOUCHING THE FRONT SURFACE OF THE LENS.
6. SLIGHTLY REAM THE HOLES AT THE FRONT OF THE PLUGS ONLY. INSERT THE METAL PARTS / PINS INTO THE PLUGS AND PRESS TOGETHER USING THE ASSEMBLY PLIERS WITH THE PLASTIC INSERT.
7. FINISH ASSEMBLING ALL THE COMPONENTS USING NYLON PLIERS.

WE RECOMMEND USING A 1.59 POLYCARBONATE OR 1.61 MR8 LENS AS STANDARD FOR ALL RIMLESS TECH FRAMES. WE DO NOT RECOMMEND USING 1.5 CR39 OR 1.56 INDEX LENS.
