Einige Word-Funktionen koennen in Google Docs nicht angezeigt werden und werden bei entferntDetails anzeigenLetzte Anderungen Anzeigen Relationships are essential. They are an inevitable part of life, and yet they can be a potential source of tension in organizations. The workplace requires productivity, delivery, and efficiency, often from a team of ordinary people. To achieve high performance, teams must work on trust and a solid foundation of good working relationships. The FIRO tool focuses on this need by identifying the factors underlying the behavior that forms the relationship between individuals and teams within the organization. The FIRO-B® FIRO-B test® Test gives you an idea of the extent of your need to belong, feel included and how many contacts you want to have with others. It also indicates the extent to which you express such behavior yourself and how much you require such behavior from others. TEST FIRO-B® ideal for increasing self-awareness, so that you can (1) improve the quality of your life, (2) improve your work situation and relationships with colleagues, (3) improve your personal relationships and your marriages, and since all these work effects, (4) improve productivity as well. Bottom line: What you need for personal and career success. FIRO Business™ FIRO-B® Test releases two versions: FIRO-B® and FIRO® and FIRO Business™ Test. Each work setting includes PEOPLE. Work is done only on the basis of working with people and their connection with them, and this assessment concerns this very important aspect of the work. With FIRO-B® Test, you can get information about your strengths and problems with the colloques, colleagues, managers and Reports. You can also receive suggestions to improve behavioral strategies when addressing the following issues: (1) Conflicts, (2) Negotiations, (3) Setting Priorities, (4) Decision-making, (5) Leading or influencing others, or (6) Being an effective team player.
