

SANJAY NURSERY[®]

Delivering Quality Plants

Please read the document carefully

How to place an order with Sanjay Nursery:

1. All our products are listed on the Link cappl.catalog.to
2. The wholesale prices are half the retail prices mentioned in the link. For e.g. if the price of the plant is Rs.100 the wholesale price is Rs.50. Please note that packaging and transport charges are extra. Information regarding packaging and shipping charges is given at the end of this pdf document.
3. Please note that the photos are for representative Purposes. The plants will not be exactly shown in the picture. The best plants are photographed. The plant will be good in quality though.
4. You can view the products and add to the cart. And place an order from the link. Below is the link of the video demonstrating how to place an order. <https://youtu.be/cfZPMKIHf4Q>
5. Once we receive an order, we apply the wholesale discount which is 50%. Add packaging and shipping charges and send you the final quote.
6. Once the order is received, we send the order within 1-7 working days.

Terms and Conditions:

1. Minimum order value (Before Tax and Packing & Forwarding)- Rs. 25,000/-
2. All prices are Ex-Nursery.
3. 100% Payment in advance
4. Plants can be expected to be dispatched within 1-7 days after we receive payment in our account.
5. We charge extra for Packing & Handling. Below are the details of How the packaging and shipping charges are charged.

Transport Options – By Road, By Train, By Air.

By Air – This works very well for Plants, however can be expensive compared to the other options.

By Road – This takes 5-7 days from date of booking goods, depending on destination – hence not a very good option for Live Plants. However, if you prefer this, then you need to send us details of your preferred transporter.

By Train – This mode of transport is faster, can take 1-2 days depending on destination.

If you prefer this option, then you need to send us name of Station and name of preferred train. We recommend that you remain present at the station when the train arrives, or appoint an agent, otherwise the goods might not get off- loaded.

Also, it is critical that you choose a train that ends its journey at your station so that there is no chance of the plants going to further stations due to any kind of human error. You can consult the agent and advise us in these regards. Since you know your area better, we suggest that you give us the information. We have included the relevant contact no's of our service providers for you to check with.

NOTE – Since these are perishables being transported, we recommend that choice of Mode of Transport is done with care.

Notes:

1. Our responsibility ceases once goods are delivered to the transporter/ railways – Please contact us immediately in case of any delay or discrepancy in the parcels.
2. All Responsibility for Unloading of Goods from delivery vehicles and/or Collection of Goods from Transporters / Railways /Airport etc. lies with the buyer at all times. Please get in touch with the transporter as soon as you receive the dispatch information from us.
3. Quotation once prepared for any order is valid for period of 10 days.
4. You will be informed of the delivery schedule once order is confirmed and payment has been received. You can expect us to dispatch the order within 1-7 working days. Most of the orders are normally processed in 2-3 working days.
5. Booking of orders with the buyers' preferred transport mode is a service we provide for the convenience of our customers.
6. We do not take any responsibility for the handling of the goods once the boxes are booked with the respective transporter/ train/ airline etc. **
7. Send the payment receipt once the payment is done. For Plants Payment to be made in Sanjay Nursery Account. Pots and others in Chhaged Agri Account. Send both receipts.
8. Once the payment is received dispatch will be made in 1-7 working days. There are many reasons why the order can be delayed for eg: Rains, Transport issues. Etc. You will be informed incase of delay.
9. Sometimes the ordered materials are not available or not available in good condition at the time of dispatch. In such cases we refund. The refund is normally made in 2-3 working days after dispatch.
- 10. Plants are perishable products. In spite of our efforts some plants do get damaged in transit. On an average 3-10% of the plants do get damaged in transit. Please note that damages are not reimbursed. Please consider the cost of damages while making purchase. Damages in transit are not reimbursed.**
