

 **Cleanses • Soothes • Vitalizes**  
**Refreshes • Invigorates**

While nothing can replace face, body and hand washing using soap and water, **EnviroNize® Cleansing Wash** hypochlorous acid is a gentle, effective full body cleansing wash.

In a pinch or on-the-go, a spray bottle of **EnviroNize® Cleansing Wash** hypochlorous acid solution provides a three-for-one ingredient: it **Soothes, Cleanses and Invigorates** the skin and is a great preventative measure that can clean post-makeup or post-workout skin by unclogging pores.

# APPROVED INPUTS

The **EnviroNize® Cleansing Wash** brand of HOCL is uniquely organic, sustainable, single ingredient, safe, effective, an environmentally conscious alternative cleansing wash and **Made in Canada!**

**PRO-CERT** is one of North America's foremost organic certification bodies. **EnviroNize® Cleansing Wash** has been certified as an "**APPROVED INPUT**" of Pro-Cert.

## Powerful & Sustainable HOCl Technology Three Pillars of Sustainability

### ENVIRONMENTAL

The **EnviroNize® Cleansing Wash** is made from all-natural ingredients, biodegradable and 100% eco friendly!

### SOCIAL

The **EnviroNize® Cleansing Wash** is non-irritant to the skin, non-flammable, does not promote skin dryness, and is viewed as a positive ecological impact!

### ECONOMIC

The **EnviroNize® Cleansing Wash** provides refillable and re-useable containers and devices significantly reducing your carbon footprint!

Environmentally Conscious Products - these are our most important values. Sustainability therefore plays a major role with EnviroNize®

Our skin, the largest organ of the human body, is the key pathway to touch and allows us to connect with one another and the world around us. HYGIENE SAFETY has become the benchmark on how we work, play, and socialize.

Our product philosophy is to create a cleansing wash product that promotes hygiene, economic and environmental benefits while enhancing the skin's natural function, so everyone can have healthy, beautiful skin and being safe in the process.

EnviroNize® is committed to making a positive impact in the world. We have set ourselves ambitious sustainability goals. Our product research and development departments are continually looking and deploying ways to improve our environmental impact. We work closely with government, institutions, and key individuals on green initiatives to find new ways to create positive impacts on our planet. Offering products that do not impose a burden but rather products that fit into our future will allow us to meet and exceed the needs of tomorrow today!

**Child Safe**

## HYGIENE SAFETY

Health care providers should inform patients, parents, and care-givers of the potential dangers associated with alcohol-based hygiene products.

These types of products are highly flammable, and its contents require proper child safety education and precautions.

# How to Improve the Bottom Line

## The Big Differences

Performance | Design | Savings

### Other Brands
