

geoCentric™

Ultimate adjustability.

ergoCentric®
ergocentric.com

geoCentric™ the most versatile, functional and adaptable seating system on the market.

geoCentric chairs provide a comfortable solution for both dedicated and multiple office tasks requirements. Utilizing over 20 years of proven ergonomic design and patented technologies, the geoCentric series offers the widest range of adjustability. The Chairs can also be customized for support and for changing individual needs.

The geoCentric series provides the widest range of adjustment options for customized support. Available adjustments include back height, back angle, lumbar depth, seat angle, seat depth, tension control and pneumatic seat height.
