Depending on the shape of the LUSTRE® ClearSkin 3XPRESS Light Beauty Therapy Patches bought:

Please contact our customer care team at info@lustreskin.com if any of the mentioned components are missing or damaged.

Before You Start

1. Preparing Your Device

Connect the charging port (1) of a patch to the magnetic connection head (3) from the USB cable.

Insert the USB-A side of the cable into a USB power supply or in a portable battery pack. The controller will light up once pressed for 1 second to turn the patch(es) on.

Note: Always plug the LUSTRE® ClearSkin 3XPRESS Light Beauty Therapy Patches into a suitable USB 5 volt DC supply or power supply before use. The LUSTRE® ClearSkin 3XPRESS Light Beauty Therapy Patches will not work if not connected to a power supply.

2. Testing Your Skin

A small number of people have a skin type which is more sensitive to the normal level of adhesion of the LUSTRESTRIPS® Mini Dots and/or light.

The best way to check whether your skin is more sensitive is to carry out a short test before your first treatment.

1. Attach 3 LUSTRESTRIPS® Mini Dots to a LUSTRE® ClearSkin 3XPRESS Light Beauty Therapy patch.

2. Attach the LUSTRE® ClearSkin 3XPRESS Light Beauty Therapy patch on the inner forearm just below the elbow. Switch on the patch for a full 3 minute cycle.

3. Don't look directly into the light, since it might be harmful to your eyes. Caution is advised.

4. If your skin feels hot, uncomfortable, or itchy during the session stop immediately!

5. Wait until the session is fully completed. It will take 3 minutes to complete a full session.

6. The LUSTRE® ClearSkin 3XPRESS Light Beauty Therapy patch will automatically turn off after the session is completed. Remove the patch by carefully lifting from one edge. Recommended use is once day only per targeted area.

7. Check your skin regularly up to 6 hours after application, if your skin appears red and/or itchy the LUSTRE® ClearSkin 3XPRESS Light Beauty Therapy Patches are unsuitable for you.

8. Some skin types may display a temporary darkening which usually fades in 48 hours. These marks are only temporary and will disappear progressively and naturally.

9. In the case of light sensitivity please contact your healthcare provider.

LED stands for light-emitting diodes. We use a selection of two different lights, that are the perfect combination to achieve a fresher looking skin and reveal a radiant glow.

Bean: 24 single core LEDs (12 RED + 12 BLUE lights)

Triangle: 24 single core LEDs (12 RED + 12 BLUE lights)

Overview

Session time	3 minutes
BLUE & RED LEDs For a fresher looking skin and a visibly radiant glow.	Can be used daily, once a day per targeted area.

How To Use The Device

1. General Use

Step 1

Ensure your skin is clean and dry and that all make-up is removed before the session.

Step 2

Remove 3 LUSTRESTRIPS® Mini Dots from the clear backing sheet and press firmly onto the recommended positions on the LUSTRE® patch.

Step 3

Remove the cover sheet from each LUSTRESTRIPS® Mini Dot using the lift tab displaying the Face symbol . This side of the Mini Dot is designed to hold the patch safely to your skin. Stick the patch to the targeted area of the skin taking care to avoid light reaching the eye. Press firmly until it feels secure.

Step 4

Connect the magnetic connection head to each patch and to a suitable USB 5 volt DC supply, and press the on/off button to start the session. The controller will switch off automatically after 3 minutes.

3 min

Step 5

To remove the patch, slowly peel the patch off. Remove the LUSTRESTRIPS® Mini Dots and replace with new ones whenever needed. Once the session is completed apply your usual serums and creams.

2. Cleaning

It is important to care for your device. Clean the patches with a damp cloth after each use. Stubborn stains can be removed by gently wiping the stain with a solution of 70% alcohol. Do not use solvents or abrasive cleaners.

- DO NOT clean the LUSTRE® ClearSkin 3XPRESS Light Beauty Therapy Patches while turned on.
- DO NOT clean the LUSTRE® ClearSkin 3XPRESS Light Beauty Therapy Patches while charging.
- DO NOT use any other cleaning products as they might damage the LUSTRE® ClearSkin 3XPRESS Light Beauty Therapy Patches.

3. Storing

Store the LUSTRE® ClearSkin 3XPRESS Light Beauty Therapy Patches in the supplied pouch or the packaging. Make sure the patches are not bent, stretched or crushed while being stored or when travelling.

Warnings

- Fitzpatrick Skin Types V and VI can use the patches safely, however we strongly recommend to assess your skin carefully after each session, there is an increased risk of pigmentation on those skin types.

The Fitzpatrick Scale

- DO NOT shine the light from the LEDs directly into your eyes or someone else's eyes. Doing so may cause temporary vision discomfort.
