

General Description

The McBride 8229-25-7025 baffle assembly is a pre-assembled speaker, baffle and transformer for public address and background music systems.

The 8229-25-7025 consists of our 8LS822-19 dual cone 6 oz. magnet loudspeaker, our square MC25 one piece baffle and our MCT7025 5 watt 70/25 dual voltage line matching transformer.

All McBride assemblies are manufactured in-house using our standard high quality components.

As a contractor you can be assured of top quality workmanship, immediate delivery and access to original replacement parts.

Architectural Specifications

MODEL 8229-25-7025 Assembly.

The speaker, baffle and transformer assembly shall be a McBride model 8229-25-7025. The 8229-25-7025 shall consist of the McBride model 8LS822-19 loudspeaker, the McBride model MC25 square ceiling baffle and the McBride model MCT7025 line matching transformer. The McBride 8LS822-19 loudspeaker shall be an 8 inch dual cone type employing a 6 oz. magnet and shall be mounted to the McBride MC25 baffle with concealed studs. The McBride MC25 baffle shall measure 12-1/2 inches square and be 3/16 inches deep. The baffle shall be constructed of heavy gauge steel and finished in a satin white baked epoxy. The McBride MCT7025 line matching transformer shall be of 5 watt, dual 70 and 25 volt design and shall have an insertion loss no greater than 1.0 db. The 5 primary taps shall be colour coded leads and shall be 0.312, 0.625, 1.25, 2.5 and 5.0 watts. The 8229-25-7025 shall be supplied completely assembled with the transformer secondary taps connected to the loudspeaker. The 8229-25-7025 shall be supplied with four colour matched mounting screws.

Technical Specifications

Model Number:	8229-25-7025
Baffle Type:	Square ceiling baffle with circular perforated sound area.
Loudspeaker:	McBride model: 8LS822-19 8 inch dual cone type with 6 oz. isotropic ceramic magnet. Freq. response: 50 Hz to 15 KHz.
Speaker Mounting:	Concealed studs - 4 places.
Baffle:	McBride model: MC25. Screw mounted - 4 places.
Baffle Finish:	Satin white baked epoxy.
Transformer:	McBride model: MCT7025 dual 70 & 25 volt design. Taps: Colour coded leads at 0.312, 0.625, 1.25, 2.5, & 5.0 watts
Overall Dimensions:	Outside: 12-1/2 inches square. Depth: 2-7/8 inches.
Weight:	Approx. 3-1/4 lbs.
Standard Packaging:	6 to a carton.
