

**GENERAL DESCRIPTION**

The McBride MC15E back box is designed for Public Address Systems to provide a sturdy baffle mount, speaker protection, and back wave cancellation.

Constructed of heavy gauge galvanized steel for extra rigidity and resistance to corrosion, the MC15E is the economy back box designed for use with our economy MC15 grill. Where a slight decrease in design integrity can be tolerated this money saving combination can't be beat.

The McBride MC15E back box features adjustable mounting clips for perfect alignment, four combination 1/2 - 3/4 knockouts spaced 90 degrees apart on the circumference and speed nuts that are already mounted for quick grill installation.

**ARCHITECTURAL SPECIFICATIONS**

**MODEL MC15E**

*The Ceiling Back Box Shall be a McBride Model MC15E.* The back box shall be constructed of heavy gauge galvanized steel and shall measure 5-5/8 inches in diameter by 3-7/16 inches deep. The grill mounting holes shall be spaced on a 4-3/4 inch centre. The round McBride Model MC15 flush ceiling baffle shall mount to the back box with screws to the provided speed nuts. Two adjustable mounting straps shall be provided to mount the back box. Four combination 1/2 - 3/4 inch knockouts shall be provided spaced at 90 degree increments about the circumference.
