When you don't discredit fifty percent of your population, you can get things done. "Women in Cuba: The Making of a Revolution within the Revolution" discusses the Cuban revolution of sixty years ago, and how Cuba's own revolution was fueled by women taking a proper role, explained by - infamous or famous dictator, depending on one's own views - Fidel Castro as a moral necessity. A fascinating look into women's rights in Cuba, "Women in Cuba" is a strongly recommended pick for any women's studies collections.
