

# CUBA'S SOCIALIST REVOLUTION AND WORLD POLITICS

## Che Guevara on Economics and Politics in the Transition to Socialism

CARLOS TABLADA

It's essential to win state power, said Che Guevara. "Then there's the second stage, maybe more difficult than the first"—the transition from dog-eat-dog capitalism to socialism. Che worked to lay the economic foundations of that transformation through revolutionary struggle. He charted a road for working

people to join in the fight for a socialist world.

Includes Fidel Castro's speech "Che's Ideas Are Absolutely Relevant Today." New, expanded selections from Guevara's writings.

Also in Spanish.
