

NEW FROM PATHFINDER!

“Che believed in man. And if we don’t believe in man, if we think man is an incorrigible little animal, capable only of being tempted with a carrot or whipped with a stick—anyone who believes that will never be a revolutionary, never be a socialist, never be a communist.”

Fidel Castro, October 1987

Che Guevara on Economics and Politics in the Transition to Socialism

CARLOS TABLADA

It’s essential for working people to win state power, said Ernesto Che Guevara. “Then there’s the second stage, maybe more difficult than the first”—the transition from dog-eat-dog capitalism to socialism. That includes moving from work as a condition for survival, to voluntary social labor through which we express our common humanity.

Che’s efforts to lay the economic foundations of this historic transformation were hammered out in revolutionary struggle. They chart a road for working people everywhere to join in the fight for a socialist world. And, above all, to transform themselves in the process.

Includes Fidel Castro’s 1987 speech “Che’s Ideas Are Absolutely Relevant Today.” Substantially expanded selections from Guevara’s writings.

Che Guevara sobre economía y política en la transición al socialismo

CARLOS TABLADA

Es esencial que el pueblo trabajador tome el poder estatal, dijo Che. “Después viene la segunda etapa, quizás más difícil que la anterior”: la transición del capitalismo, con sus valores despiadados, hacia el socialismo. Esto incluye pasar del trabajo como condición obligatoria para la supervivencia, hacia el trabajo social voluntario a través del cual expresamos nuestra humanidad común.

Los esfuerzos de Che para sentar las bases económicas de esta transformación histórica se forjaron en la lucha revolucionaria. Muestran un camino para que los trabajadores en todas partes se sumen a la lucha por un mundo socialista. Y ante todo, para transformarnos nosotros mismos en este proceso.

Incluye el discurso de Fidel Castro de 1987 “Las ideas del Che son de una vigencia absoluta”. Selecciones sustancialmente ampliadas de los escritos de Guevara.
