**The failure of the United States gave Castro the power he's had for half a century. "The Inevitable Battle: From the Bay of Pigs to Playa Giron" tells the story of the Bay of Pigs invasion and the vents around it, told by Juan Carlos Rodriguez, taking a creative nonfiction approach to telling the story of the invasion with some of his personal perspective of the time. "The Inevitable Battle" is a fascinating look and perspective of the Bay of Pigs invasion.**
