Playa Giron/Bay Of Pigs is an historical reference work about all aspects of the unsuccessful attempt by anti-communist forces to invade Cuba, an event (Washington's first and notoriously scandalous military defeat in the Americas) that came to be known Bay of Pigs. The story is told from the perspective of Fidel Castro and the Cubans. Collecting the words of Cuban Communist leader Fidel Castro himself, as well as Jose Ramon Fernandez, the commander of the main column of revolutionary Cuban forces who repelled the CIA-sponsored Bay of Pigs invasion in 1961, Playa Giron/Bay Of Pigs is a unique, primary sources reference which is very highly recommended for students of American military history, foreign policy, and contemporary American/Cuban relations.
