Printing

Job pricing:

Each job is different and will be quote once the order form has been filled out and submitted with artwork.

Print Sample Pricing:

We highly recommend getting samples done, before committing to your order. We will print a sample to exactly what you have requested. This will allow you to confirm you are happy with the garment style, print positioning and the design colours. The sample prices are set below, however if you are happy with the result and do not want to alter anything then the sample will be added to your order and you will not be charged the sample fee.

Sample Tea Towels = \$30.00 including GST

Sample T shirt = \$30.00 including GST

Sample Hoodies = \$65.00 including GST

Sample other items = Quoted upon request

Set Up Fees:

We classify a set up as being the loading and positioning of ONE print on a garment. This costs \$35.00 including GST. We are happy to give our clients FOUR FREE set ups. After the first four set ups, each artwork set up will be \$15.00 including GST.

Turnaround time.

Our turnaround time in 5 – 10 business days from confirmation of order. If you need your order within 3 – 5 businesses days then we will assess your job and timeframe and see if we are able to complete it. If we are, then it will incur a quick order fee. This will be your invoice total + 25%.
