Presidents Report:

Welcome everyone...there is a new chef at the club now and the food is fantastic. We've had a month of having runs each Sunday with great success. Graham's mystery run was popular, and we have another one this Sunday. The idea behind it is that we travel as a rolling bike/car show for the public interest. Our 4th Sunday run to Batemans Bay foreshore had a mix of cars and bikes and it was cool to see everyone cruising up and down the street in front of the alfresco eateries. There has been a number of new registrations in the past month, so it's good to see projects reaching fulfilment or dream machines being bought. Some of our youngest members are realising their first club vehicles which is fantastic. We need to encourage that as they are our future.

Paul had a few things to bring you up to speed on with regard to the club house. Unfortunately, he is tied up tonight . We've had a few more submissions to the council and a grant form filled out.
