

A La Kart Creations

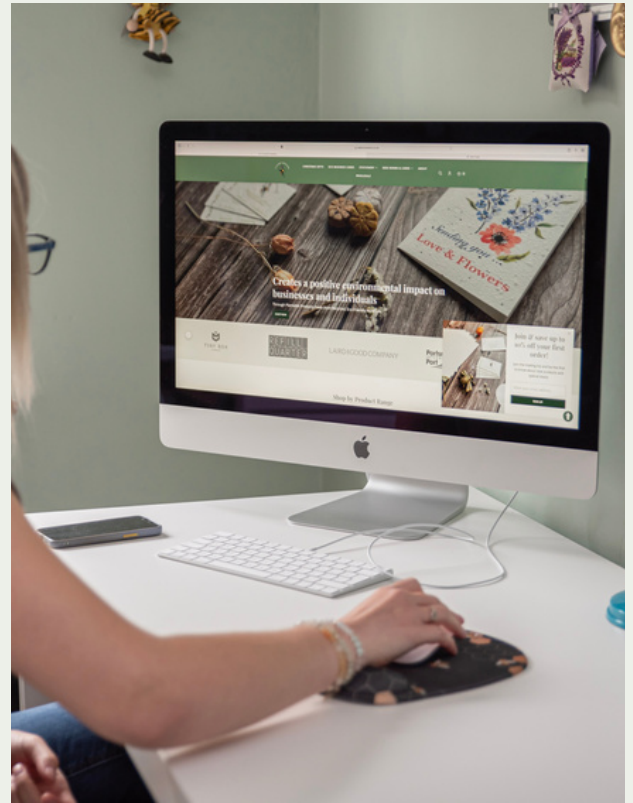

Plantable Stationery Catalogue

Creates a positive environmental impact on businesses and individuals

ABOUT US

We are a growing eco-friendly plantable stationery business located in Dover, Kent. We offer a variety of business cards, brand tags, desk calendars, and other stationery products. At A La Kart Creations, we pride ourselves on our work ethic, our environmental goals, and our customer service and product quality. Let's help the environment together.

PRODUCT CONSULTATIONS & QUALITY CHECKS

Your orders are important to us and we will always do everything possible to make sure you are completely satisfied with your stationery order.

Before proceeding, we will guide you through every step of the ordering process.

Image Quality: We ensure that all image & wording quality is not compromised when printed or scaled. If we are unsatisfied with the quality, we won't print and will contact you to discuss how it can be rectified.

Germination: We want to give you the highest germination rate possible. So we advise you not to use too much ink in your design. For example, business cards with an entirely covered background will significantly reduce their chances of growing. The choice is yours, but we will always give input where necessary.

Test Prints: Once we have your designs we will create test prints and send them over to you for review. We can do this via email or Instagram. If you prefer a physical sample we can send you that too.

Quality Check: We take the time to make sure your order is flawless. Your order will always be fully checked, with no unwanted surprises.

We will check the following on every single item ordered individually before we ship it:

- If you have submitted a design with an active QR Code we will test every single code individually to check they are all scanning correctly.
- That all stationery cuts are aligned correctly.
- That there are no bends/damages, or printing errors such as lines or ink bleeds.
- Any incorrectly printed material will be shredded and used as package fillers. Nothing goes to waste!

All orders are packaged with care and we take photos of all parcels before shipping.

OUR EXCLUSIVE WILDFLOWER SEED PAPER

Over the past few years, we have encountered and tested a wide variety of different papers.

Now we can say with confidence that we have found what we were looking for.

Our exclusive handmade paper is not mass-produced and is made exclusively for us by a UK paper mill.

Wildflower Seeds: Filled with over 20 different varieties of UK native wildflower seeds, aiming to give your products the highest chance of growth. You will not receive any products that lack seeds. Any sheets we have that contain fewer seeds than we'd like to see will be shredded and used as plantable packaging fillers.

UK manufactured: There are many companies that use seed paper from overseas that is not native to the UK. In our testing, the germination rate of these papers was much lower than our UK-produced paper. Also as we only source from the UK, we are helping to reduce our carbon footprint.

ECO PACKAGING

Our packaging elements are all 100% Eco-Friendly, and every order is packed with extreme care and precision to guarantee that it's eye-catching and presentable right out of the box.

We use recyclable tissue paper & unused seed paper to fill our boxes. We waste nothing!

We take photos of all the boxes prior to shipping. (We will send them to you if requested)

Planting instructions will be included with every order. Giving you helpful tips to help your plants grow to their potential. (These planting instructions are also plantable themselves)

COMMUNICATION & CUSTOMER SERVICE

We communicate through many different platforms, including email, Instagram, and LinkedIn. Why not try out our brand-new online web chat feature, which is operational between 9 am - 6 pm Monday - Saturday, a very convenient way of getting in touch, especially when browsing our website.

If you prefer a phone call you can always reach us on **07427631015**

Thank you

for placing your first order of 2023

After every 3 orders you place with us, we will send you a tailored exclusive offer to say thank you for your continued support.

We hope to make your stationery again!

To qualify for these offers all 3 orders must be placed within a 12 month period.

LOYALTY PROGRAM

Providing you with something back is what we intend to do as a way to enhance your customer experience with us.

For every order you make with us, you will receive a personalised plantable loyalty card in your package. For every 3 orders you make with us in a 12-month period, we will send you an exclusive offer after the 3rd order has been placed.

These offers will be based on your previous orders. We will tailor the offer/reward to fit your individual needs. We will always give you a choice of a few options. i.e. Discounts, free products

WHAT OUR CUSTOMERS HAVE GROWN FROM OUR PAPER

CLIENT REVIEWS

Just beautiful

"The quality of the card-seeded stock and the clarity of the print is gorgeous. Add that to the biodegradable, sustainable, and ethical nature of the card stock and it's just perfect!" - Rachel

Great service, speedy response time, and SUPER helpful

"Absolutely love my business cards! They're printed beautifully and Kitti took time to make sure the design was legible and printed exactly how I'd designed it. Would 100% recommend." - Ffion

Great product, great service

"Had my hand held throughout the ordering process and am thrilled with the products. Looking forward to ordering some cards soon." - Alison

Candle dust covers

"Great service. Excellent communication from Kitti to make sure the product was just what I needed. Will definitely be back for more." - Helen

Perfect Creation in Plantable Stationary

"I absolutely adore the business cards that Kitti at A La KArt Creations designed and produced for me. From the beginning to the end of my order, very little detail was cared for and thought about and my business cards were perfect for my brand and design. Thoughtful, creative, eco and sustainable perfection." Zoe

Plantable Business Cards

"Print quality is excellent, and they are so sweet! Loved our order. Kitti is super lovely and helpful with your order. I would 100% recommend" - Jess

Business Cards at their BEST

"A La KArt Creations recently printed some Plantable Business Cards for a small business that I am managing. The service was professional and prompt. The actual product itself was amazing and I have been very proud to share these with interested customers. It is a great way of kick-starting conversations and customer engagement. I would highly recommend using Kitti and her business services and I will certainly be back! Thank you so much A La Kart Creations." - Jane
