

Pond Fountains

The elegant look and tranquil sound of a fountain's cascading water are exquisite additions to any pond or lake-scape.

A Scott Aerator pond fountain not only beautifies your pond but also promotes a healthy aquatic environment through steady water circulation and oxygen transfer. An array of interchangeable brass nozzles and motor sizes provide options to create the perfect fountain display for any pond.

Atriarch	Motor Rating	
	1-1/2 Hp 230V	3 Hp 230V
Spray Dim	40'H x 50'W	60'H x 70'W
Min Depth	42"	50"
GPMs	90	180

The elegant look of the Atriarch, accompanied by the tranquil sound of its cascading water, is achieved with a solid brass center nozzle surrounded by eight individual brass nozzles, creating a versatile water feature for both residential and commercial use.

The Amherst	Motor Rating	
	3 Hp 230V	
Spray Dim	30'H x 25'W	
Min Depth	50"	
GPMs	170	

A classic. This stately pattern provides a very distinct separation of all three tiers capped by an impressive center water height of over 30 feet. The Amherst is stunning in both sight and sound, and the large flow rate creates a pleasing ripple effect across the water's surface.

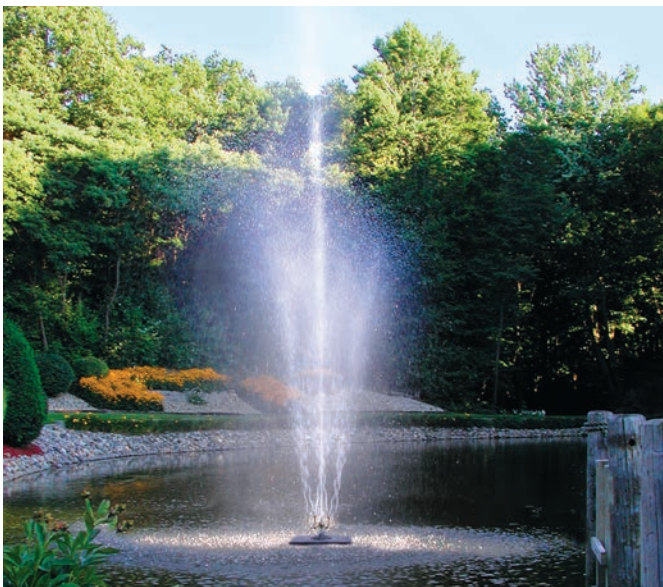

Clover	Motor Rating		
	1/2 Hp 115 & 230V	1-1/2 Hp 230V	3 Hp 230V
Spray Dim	20'H x 30W	40'H x 45'W	70'H x 80'W
Min Depth	36"	42"	50"
GPMs	60	80	180

Creates an impressive cascade of water that sounds as beautiful as it appears. The brass center nozzle of the Clover is surrounded by four separate side nozzles which create a spectacular, angled spray pattern similar to the lucky plant it's named for.

Skyward	Motor Rating		
	1/2 Hp 115V & 230V	1-1/2 Hp 230V	3 Hp 230V
Spray Dim	20'H x 35'W	40'H x 50'W	50'H x 70'W
Min Depth	36"	42"	50"
GPMs	60	90	175

Features a wide, cone-shaped spray surrounding a center column that is height adjustable. An ideal fountain for commercial and residential applications that adds beauty while promoting a healthy aquatic environment.

Twirling Waters	Motor Rating
	1/2 Hp 115V & 230V
Spray Dim	20'H x 15'W
Min Depth	36"
GPMs	60

Dramatic. Stunning. Dynamic. These are just a few of the words that describe the Twirling Waters fountain. Its spinning movement sprays spiraling strands of water upwards of 20 feet, creating a graceful, whimsical, circular pattern.

Jet Stream	Motor Rating		
	1/2 Hp 115V & 230V	1-1/2 Hp 230V	3 Hp 230V
Spray Dim	35'H	50'H	80'H
Min Depth	36"	42"	50"
GPMs	50	90	155

Achieves a tight, columnar, vertical spray up to 80 feet. The single, stunning flume produced by the Jet Stream adds an eye-catching, ear-pleasing focal point to your lake or pond. Enhance it even more with nighttime lighting options.

Cambridge	Motor Rating	
	1 Hp 230V	1-1/2 Hp 230V
Spray Dim	30'H x 40'W	40'H x 60'W
Min Depth	38"	42"
GPMs	70	95

The Cambridge provides a dynamic, multi-tiered classic spray pattern emanating from a precision-made seasoned brass nozzle. The dynamic pattern provides both a strong, vibrant center stream and a full horizontal water curtain.

Gusher	Motor Rating		
	1/2 Hp 115V & 230V	1-1/2 Hp 230V	3 Hp 230V
Spray Dim	15'H	35'H	50'H
Min Depth	36"	42"	50"
GPMs	50	85	170

The Gusher creates an eye-popping vertical column of water in a dense, cascading, wind-resistant pattern. The stream from the Gusher spouts a geyser style flume, creating a full, dynamic, constantly changing pattern.

Rosewood	Motor Rating	
	1 Hp 230V	1-1/2 Hp 230V
Spray Dim	30'H x 40'W	40'H x 60'W
Min Depth	38"	42"
GPMs	70	90

Providing a true two-tier effect, the Rosewood is a perfect fit for when both sight and sound is the primary desire. The elegant, cascading pattern provides just the right acoustics for a serene garden setting while still creating a full and eye-catching presentation.

The Scott Aerator Awesome Warranty

All standard Scott Aerator products are unconditionally warranted for five years against motor defects in materials or workmanship, under normal operating conditions. All other product components are warranted for one year from date of purchase. Scott Aerator will repair or replace failed parts under warranty when the defective unit is returned to the factory, shipping prepaid, and factory inspection establishes that the part was defective. The unit must be returned to the factory prior to shipment of replacement parts. All parts replaced under this warranty will be returned with shipping prepaid. Scott Aerator will not be liable for consequential damage nor for any costs associated with removal or attempts to repair components in the field.
