THE COLLECTIONS

Passionate about setting the stage for adventurous lives to be lived, award-winning interior and product designer Michelle Nussbaumer's collections for Modern Matter translate her love for integrating old-world sophistication and modern interiors. Michelle takes inspiration from her global travels to exotic locales, especially South America and Africa, to create distinctive hardware designs that convey glamour and mystique to timeless interiors.

“ You can take a boring piece of cabinetry and put interesting hardware on it, and it turns into something so beautiful. ”

- Michelle Nussbaumer
