# PUR SALT COLLECTION

## ORGANIC BEAUTY

Pure Salt's collection for Modern Matter brings California-easy and laid-back luxury to interiors with a hardware line inspired by organic elements and forms. Defined by a rich tactile feel and craftsmanship, the exclusive collaboration features cabinet knobs, pulls, ring pulls, and bin pulls with exposed screws, hand-stitched leather, woven rattan, and acacia and steam beach wood. The collection incorporates natural materials into clean, elegant silhouettes that celebrate Pure Salt's fresh aesthetic.

“ We were craving hardware that thought outside the box of what we traditionally see in homes and championed unexpected materials in a new and thoughtful way. ”

Aly Morford, co-founder of Pure Salt
