

DANNY ELIAV

JEWELRY WITH A PERSONAL TOUCH

SINCE 1890

Bracelet Size Guide:

Print on A4 paper, scaled to 100%. Make sure of the accuracy of the print by placing a credit card in the indicated area:

Use the ruler to measure your wrist:

Bracelets & Cuffs:

After you cut out the ruler, carefully cut the line to create a slit. Warp the ruler around your wrist just below your wrist bone with the numbers facing out.

Pull the pointed end of the sizer through the slit. Tighten it to a comfortable fit around your wrist, as tight or loose as you like.

Bangles:

Your hand must fit through the bangle. Use the ruler to measure the width of your closed fist from the knuckle of your pinky finger to the knuckle of your index finger to determine the diameter of bangle you'll need.
