

Specification Change Notification

To keep supply moving forward, we are switching specification of the Zephaire ovens to the proven, durable SSI-M control. Please see below for details.

SSI-D

Solid state infinite control with digital timer and dial thermostat. More accurate control with linear temperature referencing (LTR).

The only difference between these controls is the mechanism for entering cook time.

SSI-M

Solid state infinite control with separate dials for thermostat and timer. More accurate control with linear temperature referencing (LTR).
