

## ezpz Play Line + Developmental Milestones

### ezpz Mini Play Mat

The Mini Play Mat is an all-in-one mat + flower compartments that assists with painting, sorting, beadwork and other crafts. It suctions directly to any flat surface, making it difficult for "crafting" hands to tip over their paints, glitter and beads. **(9 months +)**

#### Milestones

##### ***Able to use a true pincer grasp***

- Toddler can practice a "pincer grasp" (using tips of index finger + thumb) to grab crafting items from the Mini Play Mat's flower compartments

##### ***Able to finger-feed soft foods***

- Stable base of the mat promotes dipping + self-feeding

### ezpz Play Mat

The full-size Play Mat is an all-in-one mat + flower compartments that facilitates sensory food play for baby and toddlers. It can also hold an 8.5 x 11 piece of paper, which is perfect for painting, coloring or crafting. It suctions directly to any flat surface, making it a chic + organized space for learning and fun! **(9 months +)**

#### Milestones

##### ***Able to scribble, color and draw***

- Suction feature makes scribbling, coloring and drawing easy for toddlers to practice

##### ***Able to release objects into small container with precision***

- Grasp and release skills can emerge quickly by taking objects from the silicone mat and placing them into the flower compartments

### ezpz Micro Mat

The Micro Mat is the perfect toy for your kids' Legos, dinosaurs and dolls to 'eat' out of. Your kiddo(s) can have fun feeding their play friends with their own micro-sized Happy Mat! **(3 years +)**

#### Milestones

##### ***Engages in pretend play***

- Children can experiment with feeding and eating through play with the Micro Mat

##### ***Understands cause and effect***

- Children learn during feeding play that they can cause things to happen or change
