

5 nurse checks to ensure success!

CHECK 01

Ensure that the child's food allergy plan is current.

CHECK 02

Check that you have the most up-to-date food allergy resources to properly educate staff, students, teachers, and parents.

CHECK 03

Communicate with the students and their parents to minimize their fears or concerns.

CHECK 04

Enforce district protocols for managing food allergy and the distribution and organization of medication.

CHECK 05

Establish a policy for field trips if there isn't one already.
