

CAFELLO

# TUTTO<sup>V2</sup> JUNIOR

The Cafello Tutto Junior is the baby model of the Tutto. Combining all of the amazing features of the Tutto into a machine designed for use at home. The Tutto Junior is an all-in-one coffee machine with an in-built tamper and conical burr grinder. The Tutto Junior grinds directly into the porta-filter and creates a perfectly creamy espresso shot all by itself, every time!

## FEATURES

### IN-BUILT GRINDER

In-built grinder. Maximum hopper capacity of 250g. Perfect for convenience and value for money. This machine is built for people who are looking for barista grade coffee.

### CONICAL GRINDER

The Tutto has a powerful, in-built conical burr grinder that grinds directly into the group handle. You can easily adjust the grind and the grind time.

### LCD DISPLAY

The user can control the entire machine from the light-up touchscreen display. The user can set the grind time, shot time, language and brew boiler temperature.

### AUTOMATED TAMPER

The Tutto utilizes an in-built tamper system that ensures complete consistency. Simply pull down on the handle after the grinding process has finished.

### USER FRIENDLY

The Tutto is extremely user-friendly and is designed to be used by anyone. The Tutto takes all of the hard work out of making beautiful espresso.

### COST EFFECTIVE

The Tutto is priced very competitively especially when compared to a traditional coffee machine and grinder setup. RRP \$1,000 Ex GST
