

The Board

Product Information

“The Board” is an innovative polypropylene panel made up of three layers welded together to form a solid composite structure. The dimpled inner layer is sandwiched between two outer layers in an expertly engineered configuration which is unique from conventional hollow core panels. The dimples extend to both sides and are low in overall height, ensuring uniform thickness distribution.

Now available in 3 panel thicknesses and 4 colors!

Benefits and Features

- Outstanding compressive and impact in all directions including edges and sides.
- Can be treated/handles like plywood with traditional tools.
- 100% Polypropylene, completely recyclable
- ideal structural material for ATA cases, crates, packaging applications and re-usable shipping containers.
- Face is haircell textured, back is smooth black.
- Size: 63" x 82" / 1600m x 2100mm

SKUs

1/4" Panels

- 510-4125900* - Black
- 510-4125909* - Red
- 510-4125918* - Light Grey
- 510-4125933* - Sky Blue

3/8" Panels

- 510-4138900* - Black
- 510-4138909 - Red
- 510-413818 - Light Grey
- 510-4138933 - Sky Blue

1/2" Panels

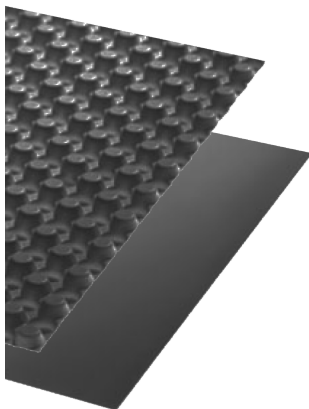

- 510-4150900* - Black
- 510-4150909 - Red
- 510-4150918* - Light Grey
- 510-4150933 - Sky Blue
