Product Information

The Stage Guard Panel is a highly engineered extruded sheet which combines high quality chemical resistant with an excellent balance of properties of a thermoplastics olefin elastomer structure.

Features and Benefits

- High impact resistance
- Good weather and chemical resistance
- Improved grip when laminate is wet
- Excellent ductility at cold temperatures (less shatter)
- Comes in Black 4' x 8' sheets
- Laminated to multiple substance thicknesses
- Ideal for use with event staging and risers
