

INTENSE NIGHT REPAIR

Protect , Repair & Heal.

A deep penetrating , rich repair cream for heels.

Eases tired feet and heal cracked heels overnight.

The Elim Intense Night Repair can be used with the Elim Hydro-Gel socks. Product contains Lavender Oil to help the repair process.

HYDRO-GEL SOCKS

Made from non-toxic, medical grade silicone, the Elim Hydro-Gel Socks has a dual purpose.

1. It can be used for the treatment and prevention of Plantar Fasciitis (joggers heel where the heel is inflamed) , Achilles Tendonitis (when the Achilles Tendon on the back of the ankle become sore) and heel pain relief.

2. To lock in moisture when using with the Elim Intense Night Repair.

WHAT MAKES ME DIFFERENT?

With Coconut oil, Wheat germ oil, Almond and Lavender oil, Urea and Horse Chestnut extract, this cream is packed with healing actives to give shorter repair time.

HOW DO YOU APPLY ME?

Apply Elim Intense Night Repair to heels and cover with the Hydro-Gel socks. Best used overnight. Cleanse socks with gentle soap after use and store in a dry place.

WHAT ARE MY BENEFITS?

Hydro-Gel Socks:

This Product provides compression , protection & shock absorption, which makes it ideal for running, walking, standing and everyday wear. It also has breathable air holes for maximum comfort. It aids with the healing of joggers heel where the heel is inflamed or a painful tendon.

When applying heel balm just before bed, it locks moisture in giving the Elim Night Repair maximum efficacy.

Intense Night Repair:

Coconut Oil - Prevents Fungal and Bacterial Infections and promotes better blood flow, works as a natural foot deodorant.

Wheat Germ Oil - Natures best antioxidant, moisturises and softens the heel.

Almond Oil - A light non-greasy oil that fights bacteria and penetrates the heel to moisturise.

Lavender Oil - Relaxes feet and it's anti-inflammatory and analgesic properties can provide natural pain relief for sore and achy feet and joints.

Urea - Reduce callus buildup and provide relief from dry, itchy skin.

Glycerine - It has the ability to lock in moisture in the skin and help retain it for longer.
