

As a Cosmetologist, it is important to always maintain a sterile spa/salon environment. Elim Spa Sanitizer contains 60% alcohol, to protect your clients, yourself and your spa or salon, from spreading bacterial microbes. Elim Spa Sanitizer is a super virucidal and disinfectant. Ideal for use on hands, feets, implements, pedicure bowls, nail stations or any area that needs sanitizing.

Spa Sanitizer

WHAT MAKES ME DIFFERENT?

The high alcohol content makes it a super sanitizer. The FDA recommends a concentration of 60% alcohol for effective germicidal efficacy.

HOW DO YOU APPLY ME?

Use prior to treatments. Ideal for use on hands, feet, implements, pedicure bowls, nail stations or any area that needs sanitizing.

- Spray area thoroughly
- Allow to dry
- Do not wipe

I AM AVAILABLE IN THESE SIZES

Professional: 250ml (8.45 fl.oz)

INGREDIENTS

Aqua, Isopropyl Alcohol, Parfum, Benzyl Salicylate, Butylphenyl Methylpropional, Limonene Hexyl Cinnamal, Linalool

NEW IDEAS

Hold all your spa files and clippers together when misting with the Elim Spa Sanitizer, instead of sanitizing individually. This will save you product.
