■Theta Cut EX  
High stock removal and excellent cutting speed.

Thickness:1mm  
Bore:16mm

■Cutting Wheel Center Depressed type  
For long lasting durability.

Thickness:2.3mm,2.6mm,3mm  
Bore:16mm,22mm

Cutting  
切

■Jaen Cut  
Special surface of wheel provides high stock removal.

Thickness:3mm,3.5mm,4.5mm  
Bore:25.4mm  
Grit:36  
Hardness:M,P

■Sand Wheel C80 Center Depressed type  
Ideal for precision cutting FRP.

Thickness:2mm  
Bore:16mm

(Use with a Backup Pad)

■Air mini grinder Kujin

Size:58×3.5×9.53mm  
75×4×9.53mm  
Body mass :0.54kg Throttle type  
0.59kg Lever type

Use pressure:0.6MPa(6kgf/cm<sup>2</sup>)  
Air consumption:0.54m<sup>3</sup>/min  
No load speed of revolutions:12,000min<sup>-1</sup>

Throttle type  
Product No. GR-M58(75)KS

Lever type  
Product No. GR-M58(75)KL

■Mini Super Green

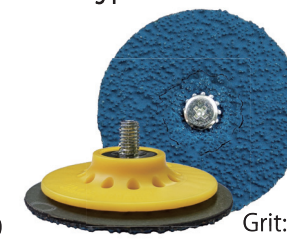

Designed for in the narrow space grinding.

58φ  
75φ  
Thickness 58φ :3.5mm  
75φ :4mm  
Bore :9.53mm  
Grit :36,46,60,80

■Mini Blue Cerac

Grinding power is increased with ceramic grain.

NEW  
58φ  
75φ  
Grit:36

■Mini P Wheel

Ideal for sanding and polishing.

58φ  
75φ  
Bore 58φ :9.53mm  
75φ :10mm  
Grit :A40,60,80,100,  
120,150,180,240

■Mini Quick Paper

Designed for surface and curve grinding.

Use with a MiniQuickPad  
50φ  
75φ  
Grit :A40,60,80,120,  
180,240,320,400  
Z36,60,80,120

■Mini R Wheel

Designed for curve polishing.

58φ  
75φ  
Bore :10mm  
Grit :A80,100,120

■Mini Quick FC

Designed for moderate stock removal.

Use with a MiniQuickPad  
50φ  
75φ  
#120  
Grit:120,240,320,600

■Theta Mini

Ideal for cutting in narrow space.

58φ  
75φ  
Bore :9.53mm

■Mini Quick Pad

Backup pad for Mini Quick Series.

•For 50φ  
•For 75φ

■Green Z

Ideal for grinding steel, stainless steel, cast iron and high-tensile steel. Provides high stock removal.

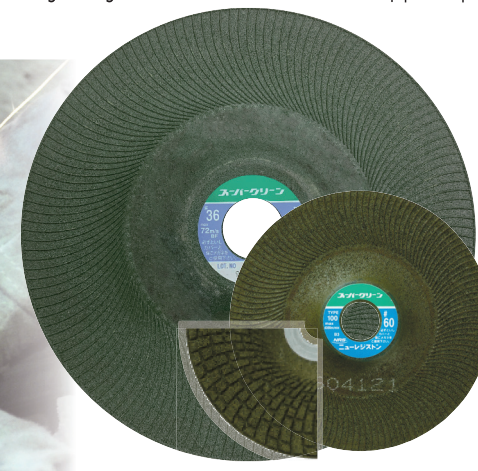

100φ  
125φ  
150φ  
180φ  
205φ  
180 High

Thickness:6mm  
Bore:16mm,22mm  
Grain:ZG Grit:24,36  
Hardness:N,P,Q,S

■Super Green

For grinding steel and stainless steel. No backup pad required.

100φ  
125φ  
180φ

Thickness:3mm,5mm  
Bore:16mm,22mm  
Grit:24,36,46,60,80

■Seven Ace

General purpose grindingwheel for economy type.

100φ  
125φ  
150φ  
180φ  
205φ  
180 High

Thickness:6mm  
Bore:16mm,22mm  
Grain:A/WA,ST  
Grit:24,36  
Hardness:K,L,M,N,P,Q

■Fine Touch

Standard flexible wheel. (Use with a Backup Pad)

100φ  
125φ  
150φ  
180φ

Thickness:2mm,3mm  
Bore:16mm,22mm  
Grain:AC,WA,WAN,  
WAH,C,GC  
Grit:24,36,46,60,80,100,  
120,150,180,240

High Class

Middle Class

Ace

Flexible

■FC Disc

Designed for moderate stock removal and smooth finish on the surface.

100φ  
Grit:80,120,320  
(Use with a Backup Pad)

■Sand Wheel

Minimized sticking and clogging. Ideal for sanding steel, stainless steel, aluminum and FRP. (Use with a Backup Pad)

100φ  
125φ  
150φ  
180φ  
Grit:24,36,46,60,  
80,100,120,  
150,180  
Bore:16mm,22mm

■Free Sand

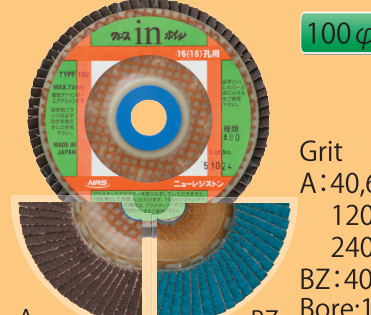

Stack 2 to 5 discs as needed. Ideal for sanding steel, stainless steel, aluminum and FRP. (Use with a Backup Pad)

100φ  
Grit:46,60,80,  
120,150  
Bore:16mm

■Cloth in wheel

Absorbing vibration by our original base brings smooth and fine finish.

100φ  
Grit  
A :40,60,80,100,  
120,150,180,  
240,320,400  
BZ :40,60,80,  
Bore:16mm
