Vegan Statement

To whom it may concern,

Citric acid monohydrate and citric acid anhydrous are manufactured using raw materials called maize kernels, which is vegetarian origin.

We can affirm that in the manufacture, preparation, or treatment of which no ingredients (including additives, carriers, enzymes, etc.) or processing aids of animal origin have been added or used intentionally.

Therefore, we hereby declare that the aforesaid product are considered to be suitable for vegan, ovo-vegetarian, lacto-vegetarian and ovo-lacto vegetarian diets.
